(3) **Air Mail Service Between Edmonton and Peace River, Alberta.**—Permission has been granted the Commercial Airways Limited, operating an air service between Edmonton and Peace River, to convey such mail as is offered by the public for conveyance by this service, provided the senders assume all risk.

It is the intention of the operating company to send planes in from Edmonton to Peace River on the 6th or 7th of each month during the winter season.

The requirements for this service are as follows:—

(1) By Air "Edmonton to Peace River" or vice versa, to be prominently written on the address side.

(2) The usual Canadian postage to be affixed on the address side.

(3) A special aerial "sticker" sold by the Company or its agents, representing a charge of 10c. per ounce, to be placed on the reverse side, in payment of the special charge for transmission by air service, which has been fixed by the operating company.

(4) **Parcel Post to Wernecke, Yukon.**—During the season of closed navigation on the Yukon River, parcel post may be accepted for Wernecke, Yukon, in the same manner as parcels are now accepted for White Horse, Carcross and Champagne, Yukon.

(5) **New Pictorial and Air Mail Stamps, 1930 Issue.**—Postmasters are informed that new postage stamps of the 12c., 20c., 50c., $1.00, and 5c. air mail denominations will be issued on and from the 4th December.

(6) **Removal of Postage Stamps from Mail Matter an Indictable Offence.**—The special attention of all postal employees is drawn to Section 89 of the Post Office Act, which reads as follows:—

"Everyone who, with fraudulent intent, removes from any letter, newspaper, or other mailable matter sent by post, any postage stamp which has been affixed thereon, or wilfully, with intent aforesaid, removes from any postage stamp or postcard, postband or wrapper which has been previously used, any mark which has been made thereon at any post office, is guilty of an indictable offence."

(7) **Books Sent to Accounting Firms for Audit Liable to Letter Rate.**—It has been represented that frequently parcels containing books or other documents sent by business concerns to accounting firms for audit, are erroneously charged parcel post rates instead of first-class postage, with the result that when delivery is being effected the addressee is caused the inconvenience and extra expense involved due to the fact that double the deficient postage has to be collected. The attention of Postmasters is therefore called to the fact that books or documents of this nature come under the general classification of commercial papers, and, as such, are liable to letter rate when addressed to places in Canada.

When parcels of books are being mailed to accounting firms it would be advisable for Postmasters to have special enquiry made as to the nature of the contents, in order that the proper amount of postage may be charged.

(8) **Acceptance of Registered Articles.**—When a registered article is presented for mailing every possible care is to be taken to see that:—

(a) It is fully prepaid both as regards ordinary postage charges and registration fee (senders should be informed of the added protection afforded by the higher fees);

(b) The postage stamps are properly cancelled;

(c) The article is properly date-stamped on the address side, and twice back-stamped upon the closing flap;

(d) An entry is made in registered record;
(e) An impression of "Original No." stamp is placed on the cover and a number given the article; and
(f) A receipt duly completed is given to the sender.

(9) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Kew, Alberta.	Kiew, Alberta.
Minton, Sask.	Winton, Sask.
Sherrard, Sask.	Sheerness, Alberta.
Cromer, Man.	Cranmer, Man. (non Post Office Point.)

Particular care should be taken in the sortation of mail for these offices.

(10) Return of Undeliverable Foreign Letters.—The Inspection Service again draws attention to the necessity for greater care being exercised in the treatment of foreign letters which fail of delivery in Canada. It appears that some Postmasters and Railway Mail Clerks are treating foreign letters as though they should be placed in the mails for direct return to the country of origin.

Undeliverable foreign letters, even those bearing a return address (other than those originating in the United States, Mexico, Newfoundland or Great Britain, including Northern Ireland and Irish Free State) should be forwarded to the district Dead Letter Office or in the case of city Post Offices to the General Superintendent of Postal Service, Ottawa, marked "For Inspection Service."

(11) The Closing of Mails at Vancouver for Australia and New Zealand.—In view of reports of the late arrival at Vancouver of mails for Australia and New Zealand, attention is directed to the fact that mails for Australia and New Zealand when made up for despatch via San Francisco, are closed at Vancouver three days before the sailing date from San Francisco, as follows:—

Parcel Post	8.30 p.m.
Registered mail	10.00 "
Letter mail	10.30 "

Mails for Australia and New Zealand despatched by steamers sailing direct from Vancouver close at Vancouver at the following hours on the date of sailing:—

Parcel Post	9.00 a.m.
Registered mail	10.30 "
Letter mail	11.00 "

(12) Mail for India, including Burma, to go Via Atlantic Routes.—Mail from Canada addressed to India, including Burma, except correspondence specially addressed for transmission by the Pacific route, should in all cases be forwarded by the Atlantic route via Montreal or New York, whichever is the most advantageous, as the length of time the mail takes to reach its destination is considerably less by this route than by the Pacific.

This does not apply to parcel post prepaid for transmission via Hong Kong, which should continue to be forwarded according to prepayment.

(13) Insurance Fees on Parcel Post to Newfoundland.—It has been noticed that the wrong insurance fee is frequently being paid on parcels for Newfoundland. The attention of Postmasters and postal employees is, therefore, directed again to the fact that the following insurance fees apply on insured parcels for Newfoundland:—

12 cents for insurance not exceeding $50.00.
30 cents for insurance exceeding $50.00, but not exceeding $100.00.

(14) Palestine—Parcel Post Rates.—Postmasters are informed that the rates of postage on parcel post parcels for Palestine, via France and Egypt, have been altered and will, until further notice, be as follows:—

1 lb.	$0.49	6 lbs.	$1 30	Over 10 lbs. and up to 15 lbs.
2 lbs.	0 61	7 lbs.	1 42	
3 lbs.	0 94	8 lbs.	1 54	
4 lbs.	1 06	9 lbs.	1 66	$2.25
5 lbs.	1 18	10 lbs.	1 78	

(15) Parcel Post Rates to France, Corsica and Algeria.—Postmasters are informed that dating from 1st January, 1931, the rates of postage on parcel post parcels for France, by direct service, and for Corsica and Algeria, via France, will be as follows:—

FRANCE—

1 lb.	$0 20	6 lbs.	$0 75	Over 10 lbs. and up to 15 lbs.
2 lbs.	0 30	7 lbs.	0 85	
3 lbs.	0 45	8 lbs.	0 95	
4 lbs.	0 55	9 lbs.	1 05	
5 lbs.	0 65	10 lbs.	1 15	$1.50

CORSICA AND ALGERIA—

1 lb.	$0 25	6 lbs.	$0 85	Over 10 lbs. and up to 15 lbs.
2 lbs.	0 35	7 lbs.	0 95	
3 lbs.	0 55	8 lbs.	1 05	
4 lbs.	0 65	9 lbs.	1 15	$1.75
5 lbs.	0 75	10 lbs.	1 25	

(16) Direct Parcel Post Service to Egypt and Anglo-Egyptian Sudan.—Arrangements have been made with the Egyptian Postal Administration under which insured and uninsured parcel post for Egypt and the Anglo-Egyptian Sudan may be despatched from Canada by direct steamship service.

Direct parcel post mails from Canada will be made up at Montreal and despatched by steamers of the Elder Demptser Line, commencing with the sailing on the 23rd January, 1931, from Saint John, N.B.

The regulations as to packing, Customs Declarations, prohibited articles, etc., will be the same as for parcels for Egypt and Anglo-Egyptian Sudan sent by way of England and France.

The parcel post rates by direct route, until further notice, will be as follows:—

EGYPT—

1 lb.	$0 30	5 lbs.	$0 80	9 lbs.	$1 30
2 lbs.	0 40	6 lbs.	0 90	10 lbs.	1 40
3 lbs.	0 50	7 lbs.	1 00	11 lbs.	1 50
4 lbs.	0 70	8 lbs.	1 20		

ANGLO-EGYPTIAN SUDAN—

1 lb.	$0 50	5 lbs.	$0 90	9 lbs.	$1 30
2 lbs.	0 60	6 lbs.	1 00	10 lbs.	1 40
3 lbs.	0 70	7 lbs.	1 10	11 lbs.	1 50
4 lbs.	0 80	8 lbs.	1 20		

Parcels may be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for Egypt and Anglo-Egyptian Sudan, so that the scale of insurance fees will be as follows:—

12 cents for insurance not exceeding $50.00.
30 cents for insurance exceeding $50.00, but not exceeding $100.00.

The charges for the conveyance of parcels by the direct service are lower than for the routes via England and via France, but the direct service is less frequent, and the choice of the route should be left to the sender. Persons wishing to forward parcels by the direct route should bear this in mind.

(17) Parcel Post to Chile via Argentina.—Postmasters are informed that parcel post for Chile may now be accepted for despatch via direct Canadian route and Argentina.

The rates of postage applicable to parcels despatched by this route, until further notice, will be as follows:—

1 lb.	$0 85	6 lbs.	$1 30	Over 10 lbs. and up to 15 lbs.
2 lbs.	0 95	7 lbs.	1 40	$2 00
3 lbs.	1 05	8 lbs.	1 50	
4 lbs.	1 15	9 lbs.	1 60	Over 15 lbs. and up to 20 lbs.
5 lbs.	1 25	10 lbs.	1 70	$2 50

This will be in addition to the present route via New York and Argentina, the choice of the route being left to the sender.

(3) Air Mail Service, Winnipeg-Pembina-St. Paul-Chicago.—Effective February 2, 1931, regular air mail service will be established between Winnipeg and Pembina N.D., connecting at the latter point with a new United States air mail route between Pembina and Saint Paul Minnesota, which is to be established on the same date, making a continuous service between Winnipeg and Chicago.

The through schedule is shown on page 8.

(4) Short-paid parcels for conveyance over certain air mail routes.—A considerable quantity of parcel post, prepaid at ordinary parcel post rates, is being forwarded for conveyance over the following air mail routes—

Amos-Chibougamau
Amos-Siscoe
Fort McMurray-Aklavik.
Sioux Lookout-Red Lake.

As parcel post intended for conveyance over the above air mail routes should be prepaid at the special air parcel rates mentioned in the Monthly Supplement to the Postal Guide, Postmasters will please see that parcels intended for conveyance over these air routes are prepaid at the special air parcel rates applicable.

(5) Air Parcel Rate Applicable to Peace River and North Vermilion via Carcajou and Fort Vermillon, Alta., Air Service Cancelled.—With reference to the notice appearing in the December 1930 Supplement to the Postal Guide, in regard to the air parcel rates for parcel post conveyed over the Peace River-North Vermilion Air Mail Service, Postmasters are informed that due to the fact that the air service is not yet in operation the special air parcel rates have been cancelled and ordinary parcel post rates will apply until further notice.

(6) Reason for Non-delivery must be indicated on Letters Returned to Senders.—Attention has been invited to the fact that many Postmasters are returning undeliverable letters and other articles to the senders without marking on the covers the reason for non-delivery (such as "Not called for", "Refused," etc.), or stamping the articles with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 203, page 52, Postal Guide, 1931).

(7) Delivery Instructions on Catalogues to be Complied with.—The attention of postmasters is directed to the necessity of observing instructions printed on catalogues in regard to delivery, etc.

In some instances the request is made that in case the addressee has removed, the catalogue be given to some other householder who has not received one. At the same time the wrapper is to be endorsed with the reason for non-delivery, taxed an amount equal to the original postage and returned to the office of origin.

In the interests of the Postal Service, as well as the senders of catalogues, postmasters are instructed to comply with these delivery instructions.

(8) "Insured Parcel No....." Stamp to be clearly indicated on Insured Parcels.—Postmasters are reminded that the words "Insured Parcel No....." should be stamped or written on the face side of an insured parcel and the parcel given the same number as the insurance receipt.

An insured parcel must also be carefully date-stamped so to show clearly the office of mailing and date of mailing.

Attention is also drawn to the regulation stating that parcels for insurance must be legibly and fully addressed and must bear the name and address of the sender.

(9) Steel dating stamp must be used for back-stamping Registered letters.—Attention has been invited to the fact that a number of postmasters are back-stamping Registered letters with a rubber stamp instead of the regulation steel stamp (see Sections 246-264 and 276 Pages 29-32 and 33 of the book "Useful Information for Postmasters in charge of Post Offices on the Revenue Basis"). Steel dating stamps are to be used on all occasions when back-stamping Registered letters, except where it is obvious that there is a possibility of damage resulting from the use of the steel dating stamp.

(10) Courtesy to be Shown in Savings Bank Transactions.—The attention of the Department has been called to the fact that some times Post Office employees show impatience with Savings Bank depositors, who, on account of the nature of the business transacted, may be somewhat more exacting than in their dealings with the Post Office in other matters.

The Department would especially urge all concerned to deal courteously and sympathetically with Savings Bank depositors, and thereby assist in this important feature of Post Office work.

(11) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

Edgewater, B.C.—Edgewood, B.C.

McLennan, Alta.—Mt. Lehman, B.C. (which should be written Mount Lehman).

Particular case should be taken in the sortation of mail for these offices.

(12) Air Mail Rates from 2nd February.—Postage including fees for all air mail services available en route and in country of destination.

(2) **Mackenzie River Air Mail Service.**—Due to unusually mild weather and ice conditions on the Mackenzie River, it is anticipated that there will be a very early breakup and on this account it may be found necessary to advance the date of the last winter air mail trip to Aklavik (which is scheduled to leave Edmonton on the 24th March) by about two weeks.

When the break-up commences there will be an interval of approximately one month between the last winter air mail trip and the commencement of the summer air mail service.

Postmasters will please advise all interested parties of the above.

(3) **Sticker Air Mail Service from Edmonton to Fort McMurray Extended to Athabaska.**—With reference to the notice in the Post Office Weekly Bulletin, July 19, 1930, in regard to the "sticker" air mail service from Edmonton to Fort McMurray, permission has been granted the Commercial Airways Limited to include Athabaska as a place of call on this service. Consequently, letters may be sent from Edmonton and Fort McMurray to Athabaska, or vice versa, upon prepayment of the fee of 10c. per ounce charged by the Company, in addition to the regular postage.

Postmasters will please give the above every publicity through the press and otherwise.

(4) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 197, page 51, of the Canada Official Postal Guide for 1931.

Postmasters are allowed the usual percentage on postage due stamps.

(5) **Proper Cancellation of Postage Stamps.**—Re proper cancelling of postage stamps. Postmasters are warned that frequent checks will be kept with a view to ascertaining whether post offices are properly performing this important duty.

To ensure proper date stamping and cancellation the following points should be observed:—

(1) Keep the type in the dating stamp clean by brushing it—a tooth brush will answer the purpose, and the stamp can be thoroughly cleaned in a minute or two;

(2) Keep the stamping pad well inked;

(3) Shake the ink thoroughly before placing it on the pad;

(4) Rub the ink well in with the wooden muller.

(5) Scrape the pad occasionally to remove the dust which accumulates and becomes clogged with ink;

(6) Do not allow stamping pad to become too much worn to properly hold the ink.

(6) **Notice to Postmasters of Distributing Offices for Rural Routes.**—It has been brought to the attention of the Department that in certain instances Rural Mail Couriers have accepted direct from the advertisers or agents, hand-bills, circulars soliciting newspaper subscriptions, notice of meetings, etc., for distribution through Rural Mail Boxes, these items bearing no postage.

Postmasters of distributing offices for Rural Routes are accordingly to warn Rural Mail Couriers that it is a violation of Postal regulations to accept for distribution through Rural Mail boxes any matter not mailed in the regular way, and which does not comply with regulations in regard to postage.

(7) **Care to be Exercised in the Use of Rubber Stamps and Ink.**—Postmasters are requested to exercise every possible care in the use of rubber stamps and ink.

Rubber stamps should be used with fountain pad and fountain pad ink only.

Steel dating stamps should be used with cancelling ink only.

The abnormal increase in requisitions received for replacement of rubber stamps and rubber type has caused the Department to make a careful inspection of stamps returned for replacement and in practically every instance the mutilation of rubber has been casued by its having come in contact with cancelling ink.

(8) **Mail Addressed to English River, Ont.**—Attention is directed to the fact that a certain amount of mail addressed to English River, Ont., a non-post office point via Pagwa River, Ont., is being forwarded to Upsala, Ont.

English, a former post office, but now closed, is served from Upsala while Pagwa River is served from Cochrane, Ont.

Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail to these points.

(9) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:—

	Letter Rate

Cuba	3 cents	3 cents		Feb. 4, 1931

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(10) Insurance of Parcel Post for Sweden.—Postmasters are informed that on and after the 1st March, 1931, parcel post posted in Canada for transmission by the direct parcel post route to Sweden may be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for Sweden, so that the scale of insurance fees will be as follows:—

12 cents for insurance not exceeding $50.

30 cents for insurance exceeding $50, but not exceeding $100.

(11) Parcel Post to Colombia.—Postmasters are informed that in consequence of higher transportation charges claimed by the Colombian Postal Administration the rates of postage on parcels for Colombia have been increased and until further notice will be as follows:—

(3) **Special Handling of Spring Hats.**—In view of the increase of fragile shipments—mostly hats, owing to the Spring season—postmasters are requested to give special attention to shipments of this nature.

Fragile parcels should be well packed and should be conspicuously endorsed or labelled "Fragile—with care."

Fragile parcels are to be despatched in "brown striped," "all red" or "all blue" bags, of which a supply should be on hand. Even if there is only one fragile parcel for despatch it should be placed in a "brown striped," "all red" or "all blue" bag.

All postal employees are especially warned not to roughly handle fragile parcels or "brown striped, "all red" or "all blue" bags containing fragile parcels nor to throw them on the floor or onto mail trucks or into postal or baggage cars and under no circumstances to sit on or walk over sacks of mail matter.

In piling, loading or unloading matter "brown striped," "all red" or "all blue" bags containing fragile articles should be kept on top.

(4) **Certain samples may be sent sealed against inspection.**—Samples of any staple article of use or consumption, possessing no saleable value, properly transmissible by post, put up in the usual manner and with a proper descriptive label, may be forwarded by post, though the enclosing tin or case may not admit of being opened in course of post, if posted by parties known to be engaged in the manufacture or sale of the article in question, and who vouch that the contents are precisely as described on the label.

Postmasters are advised that samples mailed in accordance with this regulation and fully prepaid at third class rates, are to be delivered without additional postage being charged. (See Section 113, page 26 of the 1931 Postal Guide).

(5) **C.O.D. Remittances.**—The attention of Postmasters is directed to the paragraph relating to "Money Orders to be sent direct to sender of article" on page 4 of the pamphlet "C.O.D. Service within Canada," wherein it is stated that Money Orders remitting the charges to senders should be issued promptly in every case and should be endorsed in the space provided with the same number as the C.O.D. articles for which remittance is being made.

Instances are occurring in which this latter procedure is not being carried out, and Postmasters are, therefore, instructed that each money order so issued must have the number of the C.O.D. article inserted in the proper space.

(6) **Circulars, etc., mailed in tied packages.**—The attention of Postmasters and Rural Mail Couriers is especially invited to section 95, page 22 of the Canada Official Postal Guide for 1931 respecting circulars etc., put up in tied packages to which an address label is attached and postage, prepaying each individual item in the package, affixed to the address label.

The Department is particularly desirous that this class of mail matter should be carefully delivered. Postmasters and Mail Couriers are, therefore, requested to see that whenever duly prepaid circulars, or other articles of third class matter prepared as outlined above are received for local delivery that one and only one piece of such mail is delivered to each and every family receiving mail through their offices or on the rural routes.

At offices where Letter Carrier Delivery is in operation Postmasters will please issue special instructions to the letter carriers that the greatest possible care is to be exercised in the delivery of such circulars, etc., and that one and only one piece is to be delivered to each householder on each of the letter carrier walks as far as the supply received permits.

(7) **Postal Notes.**—Circular letters were recently sent to all Postmasters at Postal Note offices requesting the return to the Department for cancellation of old series of Postal Notes which had remained on hand unsold for a period exceeding six months. Every such Postmaster, without exception, should send back a reply to the circular regardless of whether or not he has any old Postal Notes in stock. If a Postmaster at a Postal Notes office did not receive a copy of the circular letter he should apply to the District Superintendent of Postal Service for a copy.

(8) **How to put up packages of Bank Bills.**—Postmasters are reminded that packages of bank bills for transmission by mail should be put up in the manner described below.

BEFORE WRAPPING, the bills must be put up in a compact package and securely tied with strong twine. The wrapper must be of linen or other strong, woven material, linen lined paper or two thicknesses of strong kraft paper (not less than 60 lbs. weight per ream). AFTER WRAPPING, the package must again be securely tied or stitched and sealed at the points of closing.

In any case where a package of bank bills is received in a broken condition, the contents must be carefully verified in the presence of the addressee before the package is delivered and the case must then be reported immediately to the District Superintendent with full particulars as to the date and office of mailing, the name of the bank by which posted, amount of contents, address and date of delivery.

Postmasters are requested to inform the banks which receive and despatch money packages through their office of these regulations.

(9) **Correct addressing.**—On numerous occasions attention has been called to the number of articles going to the Dead Letter Office on account of insufficient addressing, non-payment of postage, etc.

A considerable improvement has been shown over previous years but still further co-operation is needed to cut down on this enormous economic waste. Business men should be urged to give particular care to the preparation of their mail including their circular advertising.

One of the greatest sources of faulty addressing is the use of inaccurate mailing lists and every business man should keep constantly before his clerks the slogan:—

Keep your mailing lists up-to-date"

This is essential not only to prevent waste, but also because of the effect on the addressee of receiving carelessly addressed or otherwise badly prepared pieces of mail. Particular care should be taken to see that the name is correctly spelled, that the full Christian name or initials are used and that no attempt is made to economize in addressing by leaving off any portion of the address. This is a form of economy which is apt to prove a "boomerang" because the effect on the prospective customer of faulty spelling of a name or other indication of slip-shod methods is sure to be anything but favourable. If an article is worth mailing it is worth receiving the best of attention in the way of full address, etc. If the addressing is done by a firm's own employees, then the management should see that the lists are kept up-to-date and that every piece of mail is checked before despatch; if the mailing is undertaken by firms engaged in handling mailing campaigns, then the advertiser should see that his work is given to a reliable concern and not merely to one which quotes the lowest price per 1,000 for addressing. A loss of one or two prospective customer will usually more than off-set any slight saving which might be effected by taking inferior work.

Postmasters should bring the above to the particular attention of firms engaged in the preparation of their spring mailing lists and in this connection it may be pointed out that Post Office rural directories will be of great assistance in compiling such lists.

(10) **Mail matter addressed to Ste. Agathe, P.Q.**—The Postmaster at St. Agatha, Ont., reports the receipt at his office of a considerable quantity of mail matter addressed to Ste. Agathe, P.Q. (evidently intended for Ste. Agathe de Lotbiniere or Ste. Agathe des Monts). Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail addressed to Ste. Agathe, P.Q.

(11) Parcel Post Rates to Other Countries.—Postmasters will find hereunder a Table of Parcel Post Rates from Canada to other Countries with changes which have occurred since the Guide went to press and which should be noted in their copy of the 1931 Guide.

Arrangements are being made to supersede the existing air mail service between Lac-du-Bonnet, Bissett and Wadhope, Manitoba, by a land service, as soon as arrangements for the latter can be completed. The Montreal-Quebec Air Mail Service has already been discontinued.

(4) **Special Air Parcel Rates Applicable to Amos-Siscoe Air Mail Service cancelled.**—With reference to notice No. 3, Page 12 of the November 1930 Supplement, in regard to the special air parcel rates for parcel post conveyed over the Amos-Siscoe Air Mail Service, Postmasters are informed that the special air parcel rates have been cancelled and ordinary parcel post rates will apply until further notice.

(5) **Summer Mail Service to Yukon.**—Attention is invited to the fact that navigation in the Yukon will open about the 23rd May. Parcel Post service will then be resumed.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(6) **Local Daylight Saving.**—It is necessary in all cases that arrangements shall be made to despatch and receive mails in accordance with the railway time tables; but in the matter of the time of the opening and closing of post offices the postmaster may be guided by the action of the municipal authorities, that is, in any place where the local authorities decide to adopt daylight saving time, the postmaster may do likewise,—he should, in all cases, be guided by what is in the best interests of the public service.

(7) **Postal Notes.**—As considerable inconvenience is being caused in the Department by reason of the fact that the numbers printed on Postal Notes are frequently covered with Postage stamps, thereby making it impossible to ascertain the numbers without removing the stamps, Postmasters who attach Postage stamps to Postal Notes on behalf of the purchasers are requested to avoid covering the numbers with the stamps. If the purchaser of a Postal Note also at the same time purchases Postage stamps, the purchaser should be requested not to cover the numbers on the notes with the stamps.

(8) **Registration Fee Required on Registered Letters Addressed to Government Departments.**—Postmasters are reminded that while correspondence on public business addressed to Public Departments as set forth in sec. 166, Page 42, of the Postal Guide, may be forwarded free of ordinary postage, the usual registration fee must be prepaid if the letters are to go forward under registration.

There is no change in practice as regards mail matter sent to the Post Office Department by its Outside Service. Such matter sent under registration must be restricted to a minimum.

(9) **Postage Stamps Not to be Used for C.O.D. Remittances.**—It has been brought to the attention of the Department that some Postmasters of Non-Accounting Post Offices have been in the habit of remitting the C.O.D. charges collected, by means of postage stamps. As the use of postage stamps in this way is directly contrary to the regulations and illegally inflates revenue, the Department will take a very serious view of any future irregularity of this nature.

At Non-Accounting Post Offices after a C.O.D. parcel has been delivered and the charges collected, postage stamps to the value of the money order fee (including war tax) should be affixed to the back of Section 4 of the C.O.D. tag, which together with the cash to be remitted, is to be put in official envelope number 45 and forwarded promptly under registration to the Postmaster of the accounting post office at which the C.O.D. article was posted. Such stamps must not be cancelled in any manner.

(10) **Proper Cancellation of Postage Stamps.**—Re proper cancelling of postage stamps. Postmasters are warned that frequent checks will be kept with a view to ascertaining whether post offices are properly performing this important duty.

To ensure proper date stamping and cancellation the following points should be observed:—

(1) Keep the type in the dating stamp clean by brushing it—a tooth brush will answer the purpose and the stamp can be thoroughly cleaned in a minute or two.
(2) Keep the stamping pad well inked.
(3) Shake the ink thoroughly before placing it in the pad.
(4) Rub the ink well in with the wooden muller.
(5) Scrape the pad occasionally to remove the dust which accumulates and becomes clogged with ink.
(6) Do not allow stamping pad to become too much worn to properly hold the ink.

(11) Care to be exercised in the preparation of "Householder" mailings.—Postmasters are warned in connection with the handling of Postage received for the mailing of householder matter that irregularities in the preparation of official forms have taken place in a number of offices.

Postmasters are requested to see that forms 7 P., 8 P or 9 P. are used for all mailings of this kind.

When advertising matter is received for local delivery or for despatch to other offices, it is imperative to see that official labels are used and that all stamps attached are cancelled by the date stamp.

(12) Brighten up Post Offices.—There seems to be an urge in humans, as indeed there is in the whole world of nature, to brighten up at Spring; to throw off the drab colours that carry us through the cool months. It is the season too when householders plan redecorating, gardens are cleaned up and in general everything possible is done to make the world a brighter place in which to live. Perhaps a Spring cleanup would be in order for Post Offices. Even if funds do not permit of new quarters or repainting, still the mop, the broom, the duster, can do much to improve the appearance of that community centre—the Post Office.

The present business depression, while brought about by the operation of economic laws, has nevertheless been aggravated by a wave of pessimism which must be overcome before progress is made. Brightening up Post Offices will help make patrons feel that after all things are getting better and that it is time to forget the bugbear of hard times. Quite aside from this consideration there is the undoubted fact that a clean Post Office reflects credit on the town in which it is situated.

Let every Postmaster then make a special effort to brighten up his office this Spring. It is a contribution to the civic and national life which although apparently small will really help to a surprising degree in the aggregate.

(13) Mail Matter Addressed to Woodstock, N.B.—The Postmaster at Woodstock, Ont., reports the receipt at his office of a considerable quantity of mail matter addressed to Woodstock, N.B. Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail addressed to Woodstock, N.B.

(14) Mail Matter Addressed to Knee Hill, Alberta.—The Postmaster at Drumheller, Alberta, reports that frequently letters are received at his office addressed to Knee Hill which are evidently intended for Knee Hill Valley served through Innisfail.

It may be explained that on the same line as Drumheller there is a Knee Hill Station, a non-post office point. Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail for Knee Hill.

(15) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Raymond, Alberta. Raymore, Sask.

Particular care should be taken in the sortation of mail for these offices.

(16) Tins of Maple Syrup Should be Properly Packed.—Postmasters are requested to bring to the attention of the public the following points in regard to the packing of tins of maple syrup.

Each tin should be placed in a special box of wood or of strong corrugated cardboard containing sawdust, cotton or some spongy material of sufficient quantity to absorb the liquid in the event of the tins being forced open. The best type of tin is one with a screw lid, with a rubber or cork cushion inside, in order to make it water-tight. This would prevent any leakage. Such parcels should also be marked "Fragile—with care."

See Sections 142 and 143, pages 30 and 31 of the 1931 Postal Guide.

(17) Special Handling of Shipments of Eggs.—Attention has been invited to the fact that in a number of cases shipments of eggs sent by parcel post have not been treated as fragile parcels, resulting in heavy losses to those concerned. In this connection Postmasters are requested to see that when shipments of eggs are presented for mailing, the eggs are packed in the manner described in the regulations on page 31 of the Postal Guide and that the package is conspicuously marked "Fragile—With Care."

Fragile parcels of this nature are to be despatched in "fragile" bags of which a supply should be on hand.

All postal employees are specially warned not to handle roughly fragile parcels or bags containing fragile parcels, and under no circumstances to sit on or walk over sacks of mail matter. In piling, loading or unloading matter, "fragile" bags should be kept on top.

(18) Rates of Postage on Letters and Postcards from other Countries to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:—

	Letter Rate		Postcards	Date

Union of South Africa	2 pence	1 penny	1½ pence	1st April 1931
Brazil	400 reis	200 reis	200 reis	

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(19) Unpaid or Shortpaid Postcards Addressed to United States.—Postcards, including Pictorial cards, posted in Canada by tourists and others, addressed to the United States, which are either wholly unpaid, shortpaid, or prepaid by United States postage stamps, are to be forwarded to destination taxed double the deficiency at postcard rate.

When the cards are prepaid with United States postage, they are, in addition, to be marked with an "O" beside the stamp and the stamp itself is to be ringed round in pencil.

(20) Direct Parcel Post to Egypt Temporarily Discontinued.—Owing to the absence of direct sailings to Egypt parcels should not be accepted for transmission by the direct route to Egypt or the Anglo-Egyptian Sudan until further notice. In the meantime all parcels for Egypt or the Anglo-Egyptian Sudan should be forwarded via England or France at the rates applicable to those routes.

(21) Direct Parcel Post to Poland temporarily discontinued.—Owing to the absence of regular direct sailings to Poland, parcels should not be accepted for transmission by the direct route to Poland until further notice.

In the meantime all parcels for Poland should be forwarded via England at the rates applicable to either of the two routes available through England.

Deputy Postmaster General

(5) Changing colour of Postage Stamps renders them invalid.—Postmasters are warned that frequent attempts are made to change the colour of postage stamps by persons who wish to enhance the value of stamps for philatelic purposes.

It has been found that in some cases postage stamps, particularly in the lower denominations, have been treated with chemicals, in order to change their colour and then placed on letters to go through the mails prior to their being sold to collectors.

Postmasters are requested to see that, in so far as possible, stamps in any denomination appearing on mail matter, not in the authorized colour, are disallowed for postage purposes. The mail matter bearing such stamps should be treated as short-paid or unpaid to the extent of the postage represented by any stamps in an unauthorized colour.

(6) Correct Addressing.—During the fiscal year 1929-30 more than 2,400,000 articles were received at the Dead Letter Office because of insufficient addressing, non-payment of postage, etc. This is an increase of about 200,000 over the preceding year, and the Department wishes to enlist a greater degree of co-operation than heretofore from both Postmasters and the mailing public in an endeavour to materially reduce this economic waste. In addition to the loss of money in postage on such mail there is the added outlay for maintenance of the Dead Letter Offices and their staffs.

In the interests of good service the Department desires to suggest one or two remedies which are in the hands of every user of the mails.

USE CARE IN THE PACKING, WRAPPING, TYING AND ADDRESSING OF PARCELS.

A great many parcels must go, each year, to the Dead Letter Office because of damage through improper packing, wrapping or tying. The Department issues directions for the proper packing of parcels in the booklet "Postal Information," the 1931 edition of which will be issued shortly; also in the Official Postal Guide. In addition the local Postmaster will be glad to advise mailers in regard to the packing of parcels.

Another reason why parcels fail to reach destination is that tied-on address labels become detached. The address should be written on the wrapper itself. The sender's name and address should also be written, either on the cover or on a slip inside the parcel.

A SUGGESTION IN REGARD TO LETTERS AND CIRCULARS.

Insufficient or incorrect addressing is responsible for a great deal of the work of the Dead Letter Office. The Department has urged on several occasions that business firms keep their mailing lists up to date and ensure accuracy of initials, correct spelling of names and complete post office address. If Thomas Pennington-Jones, Esq., Dunraven Cottage, Flamboro Head, receives a pamphlet, folder or other advertising addressed Mr. Tom P. Jones, Flamboro Head, his reaction can scarcely be expected to be favourable to the firm which sent it or to the product advertised. If an article is worth mailing it is worth careful attention in addressing, and it is not too much to suggest that the address of each piece be checked before despatch. If up to date and correct mailing lists are used, and addressing is carefully and accurately done, the sender automatically transfers to the post office absolute responsibility for proper delivery, which the post office is prepared to assume.

(7) Care to be Exercised in Estimating Supplies Required.—The Equipment and Supply Branch advise that Postmasters very frequently send several requisitions within the month for supplies instead of estimating properly and forwarding one requisition only.

The added labour entailed in filling several requisitions instead of one, together with the extra quantity of wrapping paper, twine and handling of excessive number of parcels in the mails can be eliminated to a great extent if Postmasters of Accounting and Non-accounting offices will immediately make an inventory of the stock of forms on hand and carefully estimate requirements for a three months period.

Care should be exercised to requisition for a quantity only absolutely necessary to meet requirements of the office for three months and also to give exact quantity of stock on hand at time of requisition.

Care should always be taken to have printed forms on hand kept in a neat and clean condition.

(8) Delivery Instructions on Catalogues to be complied with.—The attention of postmasters is directed to the necessity of observing instructions printed on catalogues in regard to delivery, etc.

In some instances the request is made that in case the addressee has removed, the catalogue be given to some other householder who has not received one. At the same time the wrapper is to be endorsed with the reason for non-delivery, taxed an amount equal to the original postage and returned to the Office of origin.

In the interests of the Postal Service, as well as the senders of catalogues, postmasters are instructed to comply with these delivery instructions.

(9) Collection of Deficient Postage—Postage Due Stamps.—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 197, page 51 of the Canada Official Postal Guide for 1931.

Postmasters are allowed the usual percentage on postage due stamps.

(10) Re damage to Insured and C.O.D. Parcels.—The attention of Postmasters is directed to the handling of Insured and C.O.D. parcels noted to be in a damaged condition.

If the condition of the parcel is such as to apparently indicate that the contents are damaged or missing, the addressee should be requested to examine the parcel in the presence of the Postmaster, or other employee and to leave the necessary exhibits with the Postmaster in as nearly as possible the same condition as when delivery was effected.

The Postmaster will report the matter to the District Superintendent, forwarding therewith the exhibits.

It should be carefully borne in mind by the employees concerned and the addressee should be informed that the Regulations preclude the payment of indemnity for damage or abstraction where the relative exhibits have not been furnished.

(11) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

Tappen B.C. Teepee Creek, Alta. Tupper Creek, B.C.

Particular care should be taken in connection with mail addressed to these points.

(12) Shortpaid Correspondence for Switzerland.—The International Labour Office of the League of Nations, Geneva, Switzerland, have written stating that they receive from friends and business correspondents in Canada a constant flow of letters which are insufficiently prepaid. They point out that each shortpaid letter causes some inconvenience at the time and the result is a monetary loss which is not negligible.

In the circumstances, postmasters will please again remind the public at every opportunity by all available means that the letter rate of postage from Canada to Switzerland is 5c. for the first ounce and 3c. for each succeeding ounce or fraction and the postcard rate is 3c. each.

(13) Changes in 1931 Postal Guide.—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1931 Guide.

3. West Indies, Mexico, Cuba, Central America, Asia, Africa, Australasia	15c. each ½ ounce.
4. South America	45c. each ½ ounce.

Registration, if desired, is additional to the above.

(3) **Newspapers or periodicals forwarded from office of publication by express or truck to out-of-town subscribers.**—The attention of the Department has been invited to the fact that a number of publishers are forwarding copies of their papers for out-of-town subscribers by express or truck from the place of publication to newsdealers, drug stores, etc., where the subscribers are asked to call for them.

Postmasters are requested to be careful not to accept such newspapers and periodicals for local distribution through the Post Office unless they have been specifically instructed to do so by their District Superintendents or by the Department, in cases where arrangements have been made to collect the postage at the Post Office of publication.

(4) **Revenue Tax on Postal Notes.**—A new issue of Postal Notes bearing the wording "Revenue Tax Paid," is being prepared and will be issued as soon as possible, but in the meantime, all Postmasters issuing Postal Notes must write or stamp on the face of each Postal Note issued, the words "Revenue Tax Paid".

These instructions include Postal Notes furnished by distributing offices to fill requisitions from non-accounting Postmasters.

No Postal Note is to be issued by a Postmaster until the above wording has been stamped or written thereon.

(5) **Postage Stamps attached to Postal Notes.**—Attention of Postmasters is directed to the fact that postage stamps in excess of 9c. must not be placed on Postal Notes.

Ten cent Postal Notes are provided by the Department for making remittances of small amounts, and must be used for that purpose.

If a Postmaster pays a Postal Note to which postage stamps amounting to more than 9c. are attached the amount of the postage stamps in excess of 9c. will be disallowed and the Postmaster charged with same.

(6) **Postal Notes.**—The Department has had numerous cases brought to its attention recently where in Postal Notes were remitted to the United States thereby causing inconvenience and unnecessary expense to the payees and remitters.

Furthermore, some Postmasters or their employees appear to be unaware of the fact that Postal-Notes are payable in Newfoundland.

The attention of all Postmasters is directed to the fact that Postal Notes are payable at Post Offices in Newfoundland and that they are not payable in any other country outside of Canada. Information to this effect is contained in paragraph No. 1 printed on the face of all Postal Notes; and also in the Postal Note "Notice to the Public" which is posted in the lobby of every Post Office, as well as in the Postal Guide and in Rule 264 of the Book of Instructions for Accounting Offices and in Rule 17 for Non-accounting offices.

(7) **Discontinuance of use of "Pay-Stamp" and "Under Ten Dollars Stamp" in connection with cashing of Money Orders through Banks.**—Postmasters are informed that it has been decided to discontinue the "Pay-Stamp" and the "Under Ten Dollars Stamp" which are employed when Postmasters direct that Money Orders be paid through a Bank. These stamps must, therefore, be returned to the Equipment and Supply Branch, Ottawa.

Rules Nos. 101, 102, 103 and 105 of the Book of Instructions are to be deleted.

(8) **C.O.D. Procedure at Accounting Offices, re Issue of Money Orders in payment of C.O.D. articles delivered at Non-accounting Offices.**—In connection with the change of procedure whereby Postmasters at Non-Accounting Offices no longer affix postage stamps to Section 4, of C.O.D. tags, but send the stamps **loose** with the cash and tag in envelope No. 45, to the Office at which the C.O.D. article was posted, Postmasters are informed that in future, the C.O.D. procedure, upon receipt of the cash, loose stamps and Sections 4, of the C.O.D. tags, shall be as follows:—

The postmaster must proceed immediately to issue the Money Order in favour of the Sender of the C.O.D. article.

(8)—Cont'd.

The Postage Stamps which have been received loose are to be affixed to the back of the Money Order receipt, and cancelled with the date-stamp. The Money Order Receipt is to be forwarded to the Department with the Postmaster's Money Order Return and is to be pinned thereto. The letters C.O.D. are to be entered opposite the item in the Money Order Return, in the space for the commission. No amount is to be indicated in the Money Order Return as commission as the letters C.O.D. will show that the Money Order represents a C.O.D. transaction.

The stamps affixed to the Money Order Receipt will constitute the Postmaster's justification of non-entry of commission, when the Money Order Returns and Money Order Receipts with stamps affixed thereto, are being audited in the Department.

As some Potmasters at Non-Accounting Offices may fail to observe the regulations and affix stamps to C.O.D. tags in error, the Postmaster at the Accounting Office, in such instances, will make the following notation on the back of the Money Order Receipt, when transmitting it with the Money Order Return:—

"Postage Stamps affixed to C.O.D. Tag in error."

(9) **C.O.D. Procedure at Non-Accounting Offices.—Postage Stamps representing value of Money Order fees are not to be affixed to C.O.D. Tags.**—Postmasters at Non-Accounting Offices are hereby informed that, in future, the procedure at Non-Accounting Offices, in regard to the treatment and disposal of postage stamps representing the value of Money Order fees collected in payment of C.O.D. charges, shall be as follows:—

The Postage Stamps are not to be affixed to Section 4 of the C.O.D. Tag. The Stamps **are not to be cancelled** and **are to be sent loose** with the cash in Official envelope No. 45 (envelope used for remitting money for C.O.D. remittances) and forwarded, under registration, to the Postmaster of the office at which the C.O.D. article was posted.

NOTE.—When the stock on hand of the present style of C.O.D. Tag is used up, the instructions on the new Tag will direct that the postage stamps be sent **"loose"** with the cash and Tag to the office of origin.

(10) **Keys mailed without prepayment of postage.**—Postmasters are reminded that keys such as hotel keys, automobile keys, etc., mailed without prepayment of postage, are to be delivered to the address on the disc or tag, subject to the collection of double postage at letter rate.—See section 112, page 26, of the Postal Guide.

(11) **Fragile Parcels not to be sent to or from Certain Post Offices.**—Postmasters are particularly requested to see that fragile parcels addressed for despatch to or from Post Offices served exclusively by catch post service are not accepted for mailing.

Section 146, page 32, of the Postal Guide, dealing with this phase of Parcel Post, reads as follows:—

" There are certain post offices in Canada, situated on Railway Lines which are served by what is known as 'Catch Post Service' only, as the mail trains do not stop there. In these cases the mail bags are taken on and thrown off moving trains, and it has been found impossible to handle fragile parcels satisfactorily.

The Post Offices referred to are indicated in the Alphabetical List of Post Offices (Part II of this Guide) by the sign "‡" placed in front of the name of the office, and postmasters are instructed not to accept any fragile parcels for transmission to or from offices thus indicated."

(12) **Letters addressed to Initials.**—Some Postmasters do not seem to be quite clear as to the correct treatment of letters posted at their offices addressed to initials.

Section 16, page 9, of the current Canada Official Postal Guide fully covers such letters, and is quoted hereunder:—

"Letters addressed simply to initials, as "A.B.", "X.Y.", or to a Christian name, simply, as "John" or to an arbitrary or fictitious name, with a designation of the place of delivery, as "Montreal", "Toronto" but which are not further directed to the care of some named person, firm or institution, or special post office box or street number, are not to be accepted, if handed in at a post office; and are not to be forwarded if dropped in a letter box, but are to be sent to the proper Branch Dead Letter Office by first mail, unless they bear the address of the sender. If the sender's address is given, the letters should be returned direct. The above does not apply to correspondence addressed to radio stations designated by means of letters".

Postmasters will be good enough in future to dispose of letters addressed to initials in accordance with the above regulation.

(13) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

St. Agatha, Ont.	St. Agathe, Man.	St. Agathe, Maine.
St. Agathe des Monts, P.Q.	St. Agathe, P.Q.	
Grahamville, Man.	Grahamdale, Man.	

Particular care should be taken in the sortation of mail addressed to these points.

(14) **Post Office Robberies.**—There is a tendency during the summer season for Postmasters to exercise less vigilance in protecting their premises from dishonest persons at night, with the result that robberies and thefts are sometimes committed which might be avoided with a little extra care. Postmasters will, therefore, please carefully observe the following instructions:—

(1) Doors and windows of Post Office premises should be carefully locked and bolted at night.

(2) Post Office valuables must be given maximum protection at all times, but particularly after the office is closed for the day. If there is a safe on the premises these valuables should be placed therein. Attention is particularly directed to the fact that if the investigation following a robbery discloses that sufficient protection was not accorded Post Office property, either through carelessness or indifference, the Postmaster will be required to make good any loss involved.

(3) In all cases where a robbery has been committed, the Postmaster should immediately report same by wire or telephone to the District Superintendent.

(15) **Increased Letter Postage and Air Mail Fee from the United States to Canada.**—Advice has been received that effective 1st September, 1931, the letter rate of postage from the United States to Canada will be increased to 3c. for each ounce or fraction, and the air mail fee to 6c. for the first ounce and 10c. each ounce after.

(16) **Parcel Post for Central and South America, etc., Routed via New York must be forwarded on Montreal.**—Postmasters are again reminded that parcel post Parcels for Central and South America, Union of South Africa, British West Indies, Haiti, Guadeloupe, Dominican Republic and Dutch West Indies which are routed via New York must be forwarded on Montreal to be included in the parcel post mails made up by that Office for New York.

(17) **Racing Tips:—The Bugle Call Publishing Company, 153-W. 42nd Street, New York City.**—Racing tip literature mailed by the above has been observed in the Canadian mails and as the supplying of racing tips is illegal in Canada, registered letters are not to be accepted addressed to the above, and all correspondence addressed to or coming from this address is to be stopped, marked, "Mail for this address prohibited," and sent specially by the first mail to the General Superintendent of Postal Service (for Inspection Service) Ottawa. Money orders are not to be made payable to the above.

(3) **Air Mail Service between Peace River and North Vermilion.**—Postmasters are informed that the last Northbound scheduled trip of the Peace River and North Vermilion Air Mail Service for the current summer season has been advanced from October 24th to October 17th next.

POSTMASTERS WILL PLEASE GIVE THIS EVERY POSSIBLE PUBLICITY THROUGH THE PRESS OR OTHERWISE.

(4) **Change in Special War Revenue Act.**—Parliament has authorized a change in the Special War Revenue Act, providing that no Money Order for an amount exceeding $5.00 is to be issued without payment of Special Revenue Tax of 2c.

Postmasters will, therefore, see that no further tax is charged on Money Orders $5.00 and under, as from August 1st, 1931.

No change is made in tax on Postal Notes, which must bear Special Revenue tax of 1c. as already advised.

Instructions already issued, regarding Special Revenue tax on Money Orders and Postal Notes are still operative, except that no tax is chargeable on Money Orders $5.00 and under.

(5) **Postage stamps may be used for payment of the revenue tax on cheques.**—Postmasters are informed that in accordance with an amendment to the Special War Revenue Act, effective the 1st July, 1931, postage stamps may be used for the payment of the revenue tax on cheques.

(6) **Tables of Rates of Postage, etc., available for Postal Employees.**—Form 126B, showing the rates of postage and limits of weight and size of different classes of mail matter and regulations governing prepayment, has been revised to date and is now available for the use of postal employees.

Postmasters are requested, therefore, to requisition to the Equipment and Supply Branch for the quantity required to supply their offices.

(7) **Yukon Mails—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended, except for the Post Offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that during the season of closed navigation matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be addressed to White Horse, and the addressees may make arrangements with the Transportation Company operating between White Horse and Dawson to convey the parcels from White Horse to destination.

Postmasters will please give this every publicity through the press and otherwise.

(8) **Reason for Non-Delivery must be indicated on letters returned to senders.**—Attention has been invited to the fact that many Postmasters are returning undelivered letters and other articles to the senders without marking on the covers the reason for non-delivery, (such as "Not called for," "Refused," etc.) or stamping the article with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 203, page 52, Postal Guide, 1931).

(9) **Care to be exercised in the handling and delivery of "Householder" matter.**—The Department is particularly desirous that "Householder" matter put up in accordance with Section 95, page 22 of the Canada Official Postal Guide is carefully delivered. As a large amount of revenue is derived from this class of mailing at a lower cost of handling, owing to the fact that individual sorting is eliminated, it is in the interests of postmasters to see that "Householder" matter is efficienctly handled.

At the present time a large mailing of catalogues is being made under the "Householder" system, and at an early date a further mailing will be made. Postmasters are requested to see that care is exercised in the handling and delivery of these catalogues as well as all other "Householder" matter.

(10) **Collection of Deficient Postage—Postage due stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 197, page 51 of the Canada Official Postal Guide for 1931.

Postmasters are allowed the usual percentage on postage due stamps.

(11) **Alteration or Cancellation of C.O.D. Charges Permitted.**—Postmasters' attention is invited to the following regulations appearing at the bottom of page 5 of the pamphlet "C.O.D. Service within Canada":—

The charges on C.O.D. articles may be increased, decreased or cancelled upon request of the sender, made through the Postmaster at the office of mailing.

A letter authorizing the change in collection is to be filed by the sender with the Postmaster at the office of mailing, who will in turn forward the letter with full particulars as to C.O.D. number, date of mailing, etc., to the Postmaster at the office of address.

In case telegraphic advice is necessary the telegram is to be sent by the Postmaster of the office of mailing, but is to be paid for by the sender of the article.

Such telegraphic advice must be immediately confirmed by letter.

Postmasters accepting requests for cancellation or alteration of C.O.D. charges must make sure that the request is from the actual sender and in case of doubt should require that the senders' receipt be produced.

In the event of a request for alteration or cancellation of charges being received by a Postmaster at the office of address direct from the sender, the Postmaster may, if he is satisfied that the request is from the actual sender, comply with it, notifying the Postmaster at the office of mailing of his action with a request for vertification.

A letter of authority for the alteration or cancellation of the charges should in all cases be attached to, and filed with the delivery office record.

If the C.O.D. charges be raised so that additional C.O.D. fee is necessary the extra amount should be collected by the mailing postmaster when complying with sender's request.

Postmasters and all postal employees should make themselves thoroughly familiar with the above regulations.

(12) **Disposition of Damaged or Unsaleable Postage Stamps.**—Postmasters of Accounting Offices are hereby instructed that on and after the 1st September, 1931, all damaged or otherwise unsaleable postage stamps, which are part of their unsold stock, are to be returned direct to the Postage Stamp Division, Financial Branch, Post Office Department, Ottawa (under registered cover) instead of to the Postage Stamp Depot from which supplies are obtained. Under no circumstances should such stamps be enclosed with a cash account.

(13) **Increasing Revenue.**—In common with all business concerns the Post Office Department is faced with the necessity of increasing its revenue if the financial position of the Department is to be placed on a sound basis. The restoration of 3c. postage will do much to balance the postal budget and to increase the earnings of individual offices but postmasters should not be content to sit back and hope that the higher letter rate will solve the problem of falling revenue. They should strive in every possible way to obtain new business and one of the greatest opportunities lies in persuading business men to purchase post office rural directories and use them in mail advertising campaigns. Many postmasters have already adopted this idea and have added largely to the revenue of their offices with consequent benefit to their own earnings and so when the suggestion is passed on to postmasters generally it is with the knowledge that it has been successful in practice.

(13)—Cont'd

In order to carry this out, however, we must be assured that we are actually giving good value, in other words, we must know that our rural directories are accurate and that business men can use them with confidence that they are correct and that their use will be profitable. From time to time postmasters are asked by the Department to furnish or correct lists of the patrons of their offices for use in Post Office Rural Directories and it is strongly urged that very strict attention be given to this important work. Carelessness here and there may cause business men to discontinue the use of the post office for advertising purposes with consequent loss of revenue to the Department and to the indivudal postmasters through whom this revenue is received. For his own sake and for the sake of his fellow workers let each postmaster see that he gives 100% attention to the preparation of rural directories and then make an honest effort to sell these directories and the use thereof to the business public.

(14) Acceptance of Registered Articles.—When a registered article is presented for mailing every possible care is to be taken to see that:—

(a) It is fully prepaid both as regards ordinary postage charges and registration fee (senders should be informed of the added protection afforded by the higher fees);
(b) the postage stamps are properly cancelled;
(c) the article is properly date-stamped on the address side, and twice back-stamped upon the closing flap;
(d) an entry is made in registered record;
(e) an impression of "Original No." stamp is placed on the cover and a number given the article; and
(f) a receipt duly completed is given to the sender.

(15) Similarity in Post Office Names.—The Postmaster at Pembroke Ont., reports the receipt of a considerable quantity of mail matter intended for Pembroke, Bermuda; Pembroke, Nova Scotia; Westmeath, Bermuda (the Westmeath, Ontario Post Office is served from Pembroke, Ontario).

Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail to these offices.

(16) Mail Matter Addressed to Chinook Valley, Alberta.—The Postmaster at Chinook, Alberta, reports the receipt of a considerable quantity of mail matter addressed to Chinook Valley, Alberta. The Chinook Valley Post Office is served from Grimshaw on the Edmonton and Wembley R.P.O.

Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail to these offices.

(17) Increased Letter and Postcard Postage and Air Mail Fee from United States to Canada.—Advice has been received that effective 1st September, 1931, the letter rate of postage from the United States to Canada will be increased to 3c. for each ounce or fraction, the postcard rate to 2c., and the air mail fee to 6c. for the first ounce and 10c. each ounce after.

(18) Great Britain and Northern Ireland—Small dutiable registered letter packages.—Attention is specially directed to the fact that a fee in addition to the customs duty may be collected by the British Customs authorities on small registered letter packages containing coins, jewellery and similar articles of special value prohibited transmission under insurance to Great Britain and Northern Ireland. Senders should be made acquainted with this information whenever possible.

(1) Genuine correspondence, registered.
(2) Genuine correspondence, ordinary.
(3) Newspapers (and periodicals).
(4) Third class matter (printed circulars, catalogues, etc.)

Inasmuch as there is a definite limit of weight fixed, the above order of precedence will be strictly adhered to.

All dates shown are approximate. The Mail Service between Herschel Island, Y.T., and Aklavik, N.W.T., is performed by Police patrol. Rae will be served irregularly by Police patrol from Fort Resolution.

Postmasters will please give the above every publicity through the press and otherwise.

(3) Air Mail Service — Peace River and North Vermilion via Carcajou and Fort Vermilion, Alta.—The last scheduled north bound trip on the above air mail service for the current summer season has been advanced from October 24th to October 17th, 1931.

Postmasters will please bring the above to the attention of the mailing public.

(4) Yukon Mails—WINTER SERVICE.—During the season of closed navigation on the Yukon River, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended, except for the Post Offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that during the season of closed navigation matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

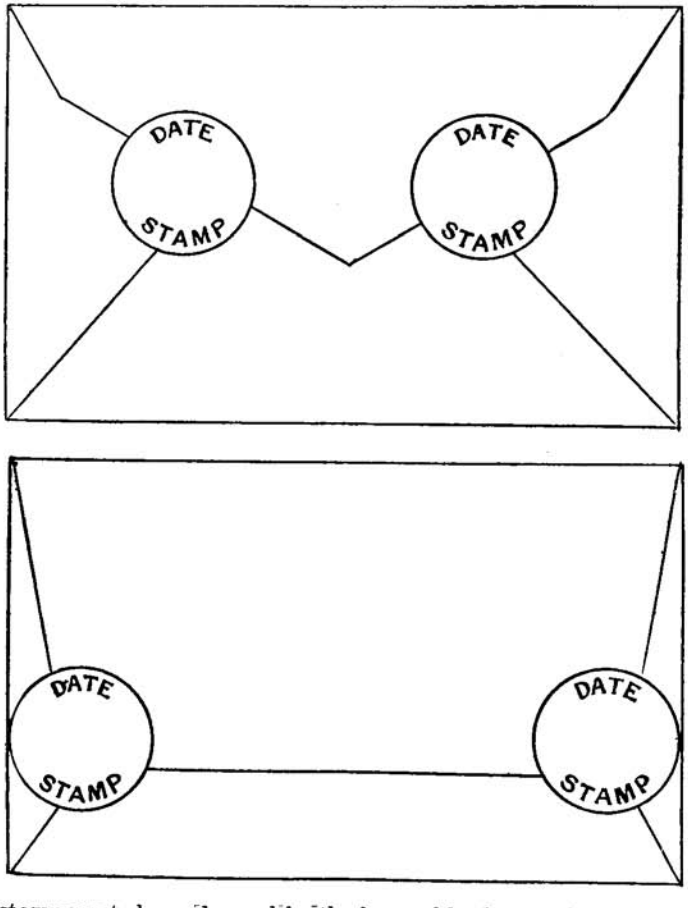
Matter prepaid at parcel post rates intended for other points in the Yukon may be addressed to White Horse, and the addressees may make arrangements with the Transportation Company operating between White Horse and Dawson to convey the parcels from White Horse to destination.

Postmasters will please give this every publicity through the press and otherwise.

(5) Back-stamping Registered Letters.—The attention of the Service is again directed to the necessity of properly back-stamping Registered letters, especially at the office of origin.

It is noted in a large number of cases recently investigated by the Inspection Service that the regulations published in Section 176, page 47 of the Postal Guide are not being complied with.

The following diagrams indicate the manner in which date-stamp impressions should be made by the office of origin:



The steel date-stamp must always be used for the face and back-stamping of letters.

(6) Proper cancellation of Postage Stamps.—Re proper cancelling of postage stamps, Postmasters are warned that frequent checks will be kept with a view to ascertaining whether post offices are properly performing this important duty.

To ensure proper date stamping and cancellation the following points should be observed:—

(1) keep the type in the dating stamp clean by brushing it—a tooth brush will answer the purpose and the stamp can be thoroughly cleaned in a minute or two;

(2) keep the stamping pad well inked;

(3) shake the ink thoroughly before placing it on the pad;

(4) rub the ink well in with the wooden muller;

(5) scrape the pad occasionally to remove the dust which accumulates and becomes clogged with ink:

(6) do not allow stamping pad to become too much worn to properly hold the ink.

(7) Similarity in Post Office Names.—The Postmaster at Strathmore, Alberta, reports that numerous letters are received at his office intended for Strathmore, a suburb of Montreal. Care should be exercised in handling mail for these points.

The Postmaster at Bonanza, Alberta, advises that a certain amount of mail matter is received at his office addressed to Bonanza, Alaska, and Bonanza, B.C., via Dawson, Y.T., both of which are non-post office points. Particular care should be exercised in the sortation of mail for these points.

(8) Direct Parcel Post to Poland resumed.—The direct parcel post service to Poland is resumed.

Attention is particularly directed to the fact that direct parcel post mails for Poland will be made up at Montreal and that parcels prepaid for the direct route should always be forwarded to Montreal to be included in the direct mails made up by that office.

(9) Trans-Jordan Parcel Post Rates.—Postmasters are informed that the rates of postage on parcel post parcels via France and Egypt to Trans-Jordan, have been altered and will, until further notice, be as follows:—

(3) **Parcels prepaid at Parcel Post Rates not forwarded to Telegraph Creek and Dease Lake, B.C., during the Season of Closed Navigation.**—Postmasters are informed that during the season of closed navigation, which extends until approximately the 1st April, the weight of mail carried on this route is limited.

In the circumstances, persons tendering parcels for mailing prepaid at **parcel post rates** for these offices should be advised that the parcels will be held at Vancouver during the season of closed navigation.

(4) **New 10-cent Stamp—Commemorating Memory of Sir Georges Etienne Cartier.**—The Confederation and Historical series of postage stamps have just been rounded out by the issue of a stamp commemorating the memory of Sir Georges Etienne Cartier.

Philatelists in particular and Canadians generally will welcome the recognition paid by the Postmaster General to Cartier, an outstanding Canadian statesman who ranks with the foremost of the Fathers of Confederation.

The new stamp is greyish-green in colour and has a postage value of 10 cents.

(5) **Disposal of Copper Coins.**—Attention of Postmasters is called to the necessity of not allowing copper coins to accumulate in their tills beyond what is required for making change. As many of these coins as possible are to be put into circulation, and the accumulation of a large quantity of them is to be avoided by making use of them for remittances to the banks on Post Office Account or for the replenishment of Credit Supplies. Banks will accept copper coinage to the value of $1.00 when put up in rolls of 25 each.

(6) **Photographic Negatives liable to Parcel Post Rates.**—Several enquiries have been received regarding the correct rate of postage chargeable on photographic films, etc., and attention is, therefore, directed to the fact that photographic **negatives on films or plates**, and photographs in frames, are liable to parcel post rates.

Photographs on card or paper, that is prints or snaps, mailed in unsealed covers are acceptable at the printed matter rate of 1c. for each two ounces or fraction thereof. If, however, **negatives** are enclosed in the same packet with the prints or snaps, the packet is then rendered liable to parcel post rates.

Postmasters will please refer to the list of articles, together with the rates of postage to which they are liable, on page 224 of the current Postal Guide.

(7) **Perishable articles to be kept from Heat.**—The attention of the service is called to the fact that now that the cool weather is commencing, post offices and railway mail cars will be heated, and care should be taken to see that all parcels containing articles of a perishable nature are distinctly labelled "perishable" and that the bags in which they are placed are similarly marked. Care should also be taken to see that bags containing such parcels, while in the Post Offices or during course of post in the railway mail cars, are not placed in close proximity to the heating apparatus.

(8) Empty Mail Bags must be returned to Bag Depositories without Delay.—Notwithstanding the fact that Postmasters have been instructed to have every mail bag, not actually required, promply returned to the Service, the Department learns that these bags are not being received back at the Depositories as they should, and as same are urgently required for the Christmas rush, Postmasters are again requested to see that all surplus bags in their offices are at once returned to the nearest Mail Bag Depository.

(9) Complete Address required on Insured and C.O.D. Parcels—Postmasters are reminded that insured and C.O.D. parcels must be fully addressed before they are accepted for mailing. As it is essential that this regulation be followed, Postmasters will caution employees accepting parcels that they must be fully addressed as to street and number or office building, and at the same time every effort should be made to bring to the attention of the public the importance of correctly addressing all articles of mail, pointing out the delay and possible loss which may result from their failure to co-operate in this way.

(10) C.O.D. Articles must not be held unduly.—The Inspection Service have directed attention to the practice of Postmasters at the office of destination holding C.O.D. parcels beyond fifteen days on written application being made by the sender, and point out that while a C.O.D. parcel may be held beyond fifteen days on request of the sender, it will be held only at his risk. The Department will not be liable for indemnity in connection with the loss of, damage to, or abstraction from a parcel held in this way unless a post office employee is directly responsible.

(11) Direct Return of Third-Class Matter.—Section 121, page 26 of the Canada Official Postal Guide reads as follows:—

Third-class matter when redirected is not liable to any additional postage if handed back to the post office with a changed address at the moment of delivery or as soon as possible thereafter.

In cases where an article of third-class matter would have to be redirected owing to the addressee having removed to another locality and where there is, on the cover, a request for direct return to the sender, in such circumstances this request is to be complied with. The reason for non-delivery and the present location of the addressee (if known) are to be indicated on the cover for the information of the sender. A charge will be made for such direct return equal to the original postage charge, except in cases where a number of circulars, etc., are being returned to the same address in one packet at a time, in which case return postage may be charged on the bulk weight.

It is suggested that Postmasters in the larger centres bring this section to the special attention of the business concerns and others who are in the habit of sending out from time to time large quantities of individually addressed circulars.

Frequently such circulars are addressed again and again to persons who have moved away from the locality (village, town or city) or even out of the country, and although redirected by the Post Office of address, are practically wasted.

If a request for direct return to the senders in case the article cannot be delivered as addressed were printed on the envelope or cover, such items could be immediately returned to the senders, thereby enabling the senders to keep their mailing lists more up-to-date.

(12) Notice to Postmasters of Distributing Offices for Rural Routes.—It has been brought to the attention of the Department that in certain instances Rural Mail Couriers have accepted direct from the advertisers or agents, hand-bills, circulars soliciting newspaper subscriptions, notices of meetings, etc., for distribution through Rural Mail boxes, these items bearing no postage.

Postmasters of distributing offices for Rural Routes are accordingly to warn Rural Mail Couriers that it is a violation of Postal Regulations to accept for distribution through Rural Mail boxes any matter not mailed in the regular way, and which does not comply with regulations in regard to postage.

(13) Courtesy.—A dictionary has defined Courtesy as "politeness of manners combined with kindness." When we urge postal workers to be courteous, then, we imply something more than a studied politeness. Real consideration for those who ask us for information or advice is the source of true courtesy. This motive of consideration is the one which should actuate Information Clerks and others who come into daily contact with the public. Remember that consideration for the feelings of others should go farther than merely furnishing in a kindly manner the desired information. It should take into account such things as personal appearance, manner of speech, and all those details which tend to impress the visitor to the Postal Wicket.

The difficulty of maintaining a courteous attitude towards an unreasonable person is fully appreciated, but nothing is gained either in self-respect or in a more material way by descending to abruptness or rudeness in order to "put a person in his place."

Accurate information furnished in a helpful manner by a postal worker who is polite, tidy in appearance, speaking with a clear voice, will do much to assure visitors to the Canadian Post Offices that the handling of His Majesty's Mails is in capable hands.

(14) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Sundridge, Ont.	Sandridge, Man.
Oak Bluff, Mass.	Oak Bluff, Man.
Canyon, Yukon Territory (non-post office point)	Canyon Creek, Alta.
Canyon City, Oregon, U.S.A.	

Particular care should be taken in the sortation of mail for these offices.

(15) Mail Matter addressed to Lone Butte, B.C.—The District Superintendent, Postal Service, Calgary, reports that a considerable quantity of mail matter intended for Lone Butte, B.C. (non-post office point) is being misrouted to Halliday, Alberta, the distributing point for Lonebutte Post Office, Alberta.

Postmasters and Railway Mail Clerks are advised that mail matter addressed to Lone Butte, B.C., should be forwarded to Fawn, B.C., for distribution.

(16) Unpaid or short paid letters and postcards from the United States.—The United States postal authorities advise that in future letters and postcards not prepaid or insufficiently prepaid addressed to Canada will be forwarded charged with double the deficient postage.

Postmasters will please see that surcharges are collected accordingly.

(17) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below are as follows:—

	Letter Rate		
	1st Weight	2nd Weight	Postcards
China	25 cents of Chinese piastre	15 cents of Chinese piastre	15 cents of Chinese piastre
Gold Coast Colony	1½ pence	1 penny	
Hejaz, Nejd and Dependencies	1¾ grouch	1 grouch	1 grouch

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(18) Undeliverable Third-class Matter of no Value from United States.—Postmasters are requested to amend their copies of the 1931 Postal Guide by adding the following after section 402, page 82:

"Third class matter of no manifest value is to be sent to the Dead Letter Office."

(19) Parcel Post Rates to Egypt.—Postmasters are informed that the rates of postage on parcel post parcels via France to Egypt have been altered and will, until further notice, be as follows:—

1 lb.	$0.40	6 lbs.	$1.10	Over 10 lbs. and
2 lbs.	0.50	7 lbs.	1.20	up to 15 lbs.,
3 lbs.	0.80	8 lbs.	1.30

NOTICES

MONEY ORDERS ISSUED IN BAHAMAS NOT TO BE PAID IN CANADA

As the issue of Money Orders from Bahamas on Canada has been temporarily suspended, Postmasters are informed that if any Money Orders issued in Bahamas, dated 2nd October or afterwards, are presented, payment is to be refused and the payees are to be advised to return the Orders to the senders.

IRISH FREE STATE POSTAL ORDERS

The Department has suspended payment of Irish Free State Postal Orders issued subsequent to October 3rd. If Irish Free State Postal Orders dated October 4th, or later, are presented payment is to be refused and the payees should be advised to return the orders to the senders.

Irish Free State Postal Orders which bear a date stamp indicating they were issued prior to October 4th, are to be cashed in the usual manner.

Irish Free State Postal Orders are not to be confused with Money Orders which are payable at all Money Order Offices in Canada.

ADVICES NOT REQUIRED FOR MONEY ORDERS PAYABLE

In Bahamas, Barbados, Bermuda, British Guiana, British Honduras, Grenanda, Leeward Islands (Antigua, Dominica, Montserrat, Nevis, St. Kitts, Virgin Islands), St. Lucia, Trinidad

Postmasters are informed that on and after the 1st January, 1932, no advices will be required for Money Orders payable in the following countries:

Bahamas	Leeward Islands—
Barbados	Antigua
British Guiana	Dominica
British Honduras	Montserrat
Grenada	Nevis
St. Lucia	St. Kitts
Trinidad	Virgin Islands

Money Orders payable in these countries are to be prepared in exactly the same manner as Orders payable in Canada, that is to say payees' and remitters' names are to be written in the spaces reserved therefor on the orders.

The coupons are to be left attached to the Orders, which are to be handed to the remitters for transmission to the payees.

Remitters' Applications (Forms M.O. No. 1 P.M.) Must be Obtained Before Advices of Money Orders are Prepared

Postmasters are informed that, in future, before an advice of a Money Order payable abroad is made out for despatch to an Exchange Office (whether at Ottawa, Vancouver, Halifax or Saint John, N.B.) an application form M.O. No. 1 P.M. is to be obtained from the remitter and the advice is to be prepared in accordance with the particulars in the application. The Postmaster or issuing officer must enter the particulars of the Order on the application form.

The application may be made out in the handwriting of the remitter or may be prepared by typewriter, but it must indicate the full name and complete address of the payee and the remitter's name. The application form must be despatched with the relative advice to the proper Exchange office.

Money Orders payable in Canada and in those countries for which advices are not required may be issued on the "verbal" application of the remitter, as written applications are not necessary in such cases.

Any Postmaster who does not receive a copy of the Monthly Supplement each month is requested to notify the Equipment and Supply Branch, Post Office Department, Ottawa

4. West Indies, Mexico, Cuba, Central America, Asia, Africa, Australasia	15c. Each ½ ounce.
5. South America	45c. Each ½ ounce.

(3) **No Change in Air Mail Rate on Money Packets.**—There has been no change in the air mail rate for money packets addressed to places in Canada, Newfoundland, the United States, Bermuda, Great Britain, Northern Ireland and the Irish Free State, which rate remains at 6c. for the first ounce and 10c. each ounce after.

Registration is additional.

(4) **Exportation of Gold by Mail.**—An Order in Council has been passed which specially prohibits the exportation of gold coin, gold bullion or fine gold bars from the Dominion of Canada except under the authority of a licence issued by the Minister of Finance of Canada, or by someone designated by him to act on his behalf.

Therefore, the exportation of gold coin, gold bullion or fine gold bars by mail is not to be permitted unless the exporter submits to the Postmaster at the time of mailing a properly completed Customs Export Entry form B-13 in duplicate and the licence issued by the Department of Finance.

The Postmaster must compare the entries on Customs Export Entry form B-13 with the entries on the licence, and if they correspond he will date stamp and endorse form B-13 (in duplicate) as having received the package for forwarding by mail.

After making a note on his registration record of the date of issue of the licence, number of the licence, and name and address of exporter, the Postmaster will immediately forward the Customs Export Entry form B-13 (in duplicate) and the licence to the nearest Collector of National Revenue.

Postmasters must carefully scrutinize any items addressed to the United States or any other country which may possibly contain gold.

If a Postmaster suspects that any such item does contain gold he must question the sender and in no case is any item containing gold to be accepted or allowed transmission through the mails unless as stated above, the exporter submits the necessary Customs Export Entry form B-13 in duplicate and a licence issued to him by the Department of Finance.

It is not incumbent upon Postmasters to provide Customs Export Entry form B-13. This is a matter which must be attended to by the exporter himself.

(5) **Letters mailed by the Old Age Pensions Department, Workmen's Compensation Board, 411 Dunsmuir St., Vancouver, not to be re-directed but to be returned direct to senders.**

Postmasters are informed that the Old Age Pensions Department, Workmen's Compensation Board, Vancouver, have printed the following request on envelopes containing old age pension cheques—If undelivered as addressed. Do not redirect, but return to The Workmen's Compensation Board (O.A.), 411 Dunsmuir St., Vancouver, B.C. Postmasters are instructed to comply with this request and return such undeliverable letters direct to the senders instead of re-directing them to a new address.

(6) **Small and Oversize Cards and Envelopes.**—Postmasters should bring to the attention of the mailing public the objections to the use of small and oversize cards and envelopes, which at any time are difficult to handle, but particularly so during the busy Christmas and New Year seasons.

In urging the public to use cards and envelopes larger than 3 inches by 4 inches, the following objections to the smaller size should be pointed out:—

1. Small envelopes and cards cannot be satisfactorily passed through the electric cancelling machines. This, at many offices, means a slower cancellation and general handling.
2. The cancellation mark in many cases obliterates part of the address, with the probability that the articles may be misdelivered or at least delayed.
3. The small size renders the sortation and making up of bundles more difficult and hampers the work of the office at a time when speed is essential.
4. Owing to small size there is a greater possibility of loss, as small cards or envelopes may fall out of the bundle to which they are tied.

Oversize cards and envelopes (larger than 4" x 9") have the following objections:—

1. Difficulty of cancelling by machine.
2. Too large in many cases to be readily sorted into standard sorting cases without folding with consequent slower handling and in the case of cards—damage.

3. Large cards and envelopes project from bundle and when tied are apt to be cut at edges.

Postmasters are requested to do everything in their power to bring the above to the attention of the public.

(7) **Lantern Slides urging early Mailing at Christmas.**—Postmasters are reminded that as a means of encouraging early mailing at Christmas, lantern slides are available reading:

"MAIL YOUR CHRISTMAS GIFTS EARLY AND SAVE DISAPPOINTMENT TO BOTH SENDER AND RECEIVER"

These slides will be supplied on request made to the Director, Staff and Publicity Branch, Post Office Department.

It has been found in other years that theatres are quite willing to co-operate with the Post Office by the display of lantern slides and Postmasters are requested to take this matter up at an early date, with a view to bringing about early mailing at Christmas.

(8) **Checking Postage.**—The Department is losing a considerable amount of revenue as a consequence of the neglect of Postmasters to check up the amount of postage prepaid on articles of mail received at their offices either for despatch or delivery.

Despatching Postmasters must weigh all heavy and bulky letters, packets and parcels mailed at their offices to ascertain whether they are fully prepaid, and any article found to be insufficiently prepaid must be taxed before being sent forward.

Receiving Postmasters must also weigh any letter or other article which may possibly be shortpaid, and tax it if necessary.

(9) **Safeguarding of Mails and Post Office Funds.**—Now that the winter season is at hand, with the usual stormy weather and frequent changes of temperature which so greatly increase the risk of fire, the attention of Postmasters is specially directed to the necessity of increased precautions being taken in the safeguarding of mails, Post Office funds and valuables.

In cases where there is not sufficient accommodation in the Post Office to properly protect valuables, especially stamps, Postal Notes, registered articles, cash, etc., such items must be removed to the Postmaster's private quarters for safe-keeping. At other points Postmasters must see that adequate precautionary measures have been taken before leaving the office.

The attention of Postmasters is again drawn to the fact that surplus cash must be promptly remitted to the Bank. Postmasters will be held strictly responsible where any loss can, in any way, be considered as due to neglect in remitting surplus cash.

(10) **Use of Blue "Perishable" Label.**—With the approaching festive season there will be an increasing number of parcels sent through the mails containing perishable goods, such as meat, fowl, flowers, etc., and it is important that these parcels should be transmitted and delivered with the utmost promptness. It is essential that such parcels should be marked in a distinctive manner and Postmasters are therefore requested to take every opportunity of advising patrons of their office to mark the outside of parcels of goods that are liable to spoil, with the word "Perishable," or to write very plainly on the wrappers what the parcels contain. Postmasters will be careful to see that the blue "Perishable" label is attached to all parcels containing perishable articles and also see that the blue "Perishable" label is affixed to the back of the "Fragile" tag which is fastened to a mail sack containing fragile articles which are also of a perishable nature. When the blue "Perishable" label is affixed to the "Fragile" tag, it should slightly lap over on the face of the tag so that there may be no possibility of it not being observed.

(11) **Fragile Articles in Insured Parcels.**—In view of the approaching Christmas season, with its great increase in the number of parcels posted and claims made for damage to contents, Postmasters are requested to give the packing and protection of "Fragile" articles their most careful attention.

When a parcel is being posted, enquiry should be made regarding nature of contents and the method of packing. If the contents are of a nature easily damaged and the packing is considered inadequate the sender is to be informed that the parcel will be insured against loss only, and it is to be so endorsed.

Shoe and similar boxes, which are frequently used, are not sufficiently strong to afford the required protection.

"Fragile" stickers and bags are to be made use of when necessary.

It is to be specially noted that while the onus of preparing a parcel rests with the sender, it is the duty of a Postmaster to ascertain if a parcel is put up in accordance with the regulations. If this very important duty be neglected and the Department is consequently called upon to pay indemnity, the Postmaster will be required to pay a portion if not the full amount of the claim.

If Postmasters and postal employees will keep this matter in mind, the result will be beneficial to both the public and the Post Office. The former will receive their parcels in good condition and the Post Office will have fewer claims to pay.

(12) Parcel Containers Should Not be Used on More than One Occasion.—Attention has been frequently called to the fact that parcel containers are used on more than one occasion, different addresses and amounts of postage being affixed in each case. Such parcels are very often mistreated as a result of this practice, particularly when they are sent via the C.O.D. or Insurance systems, thereby causing much inconvenience to the senders and addressees, also to the Postal Service. In addition to the above there is the possibility of loss of revenue owing to the fact that it is difficult at times to determine whether fresh postage has been paid. Postmasters will please therefore advise persons or firms concerned that containers used on one occasion may not be used a second time, unless the original address, postage and postmarks are covered or completely removed.

(13) Parcel Post to Wernecke, Yukon.—During the season of closed navigation on the Yukon River, parcel post may be accepted for Wernecke, Yukon, in the same manner as parcels are now accepted for White Horse, Carcross and Champagne, Yukon.

(14) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Kew, Alta.	Kiew, Alta.
Winfield, Alta.	Linfield, Alta.
Winnifred, Alta.	Winfield, B.C. (non-post office point).
Winfield, Kans., U.S.A.	Winfield, Ala., U.S.A.

Particular care should be taken in the sortation of mail for these offices.

(15) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:—

LETTER RATE

	1st Weight	2nd Weight	Postcards	Date

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(16) Assist Your Exchange Offices in Christmas Mailings for Overseas—Important.—Now that mailings for Great Britain and overseas countries are reaching the peak of the Christmas rush period, attention is directed to the following points, the non-observance of which causes embarrassment to the Canadian despatching exchange offices, where the extra work is very heavy at this time. Postmasters and all postal employees are asked to assist our exchange offices by endeavouring to see that these points are observed.

MARK THE WORDS "LETTER RATE" on any packages prepaid at letter rate.

SMALL BOXES OF CAKE should be prepaid at either letter rate or parcel post rate. These should be well packed. In practically every mail, cake is found loose in the bag.

PHOTOGRAPHS FOR ITALY in packages weighing over 3½ ounces must be prepaid at parcel post rates.

SAMPLES, PHOTOGRAPHS AND PRINTED MATTER may be insured IF PREPAID AT PARCEL POST RATES.

INSURED PARCELS for Belgium, Denmark, France, Germany, Holland, Irish Free State or Italy, may be prepaid either for direct route or via England. Insured parcels for Sweden and Norway and other countries to which the insurance is via England, also for countries to which insurance is via France must be prepaid at parcel post rates via England or France.

PARCELS FOR NORTHERN IRELAND (Counties of Antrim, Armagh, Down, Fermanagh, Londonderry and Tyrone) should be prepaid at parcel post rates to Great Britain—NOT to Irish Free State.

(2) **Air Parcel Rate to Embarras Portage, Alberta.**—The air parcel rate during the Winter Season for parcels addressed to Embarras Portage, Alberta, and intended for conveyance over the Mackenzie River Air Mail Service is 50c. a pound or fraction.

(3) **Air Mail Postage Stamps.**—The attention of Postmasters is drawn to the necessity of having on hand at all times a sufficient supply of air mail postage stamps to meet the demand of their patrons.

(4) **Commission on 10c. Postal Notes.**—Approval has been given to the withdrawal, for the time being, of the 1c. commission charged by the Department on the 10c. Postal Note. This will leave the 1c. tax imposed by Parliament last session, which will be the only commission charged on the 10c. Postal Note.

Instructions have been issued throught the District Superintendents to the Postmasters at all accounting and non-accounting offices with regard to this change.

Any Postmaster who has not received these instructions should make application to the District Superintendent for a copy of the instructions. In any case the 10c. Note must now be issued to the public for 11c.; that is to say, 10c. for the face value of the Note and 1c. for the Revenue Tax thereon.

(15) **District Superintendent of Postal Service, Edmonton.**—The Postal Service is informed that Mr. R. W. Hale has been appointed District Superintendent of Postal Service, Edmonton, Alberta.

(6) **Postage Stamps used as Revenue Tax on Cheques, etc.**—Many letters received at the Department and enquiries directed to Postmasters indicate that there is still some confusion with regard to the amendment to the War Revenue Act whereby postage stamps may be used in payment of the revenue tax on cheques, Promissory Notes, Bills of Exchange, etc. This amendment, effective 1st July, 1931, made it quite clear that while the Act was meant to apply as a War Revenue Act, that for the convenience of the public, postage stamps may be used in payment of the tax on cheques, Promissory Notes, Bills of Exchange, etc. when, for any reason, revenue stamps are not readily available.

(7) **Combination Postage Stamp Booklets.**—Postmasters are advised that Combination postage stamp booklets containing 4 one cent, 4 two cent and 4 three cent postage stamps, which are to be sold at 25c. each, are now available and can be obtained from the Postage Stamp Supply Depots in the usual way. In view of the great convenience which such booklets will afford to the public in general, Postmasters are requested to give such the utmost publicity.

(8) **Circulars Mailed for Local Distribution to Householders at ½c. rate.**—Postmasters are reminded that the ½c. rate on circulars mailed for local distribution to householders was established for the purpose of assisting local merchants in soliciting business, and that this rate is restricted to circulars weighing up to one ounce distributed in the place in which the firm issuing the circulars is located or in the places where the firm has branch offices or local agents. This rate does not apply to circulars mailed for distribution on a rural route. (See section 96, page 22, of the postal guide.)

(9) **Special Handling of Fragile Parcels.—**

To be marked "Fragile—Handle with Care."	Fragile parcels should be well packed and should be conspicuously endorsed or labelled "Fragile—Handle with care."
"All red," "brown stripe" or "all blue" bags to be used.	Fragile parcels are to be despatched in "all red", "brown stripe" or "all blue" bags, of which a supply should be on hand. Even if there is only one "fragile" parcel for despatch, it should be placed in an "all red," "brown strip" or "all blue" bag.
To be handled with care.	All postal employees are specially warned not to roughly handle "fragile" parcels or "all red", "brown stripe" or "all blue" bags containing "fragile" parcels, nor to throw them on the floor or onto mail trucks or into postal or baggage cars, and under no circumstances to sit or walk over sacks of mail matter.

IN PILING, LOADING OR UNLOADING MAIL MATTER, "ALL RED," "BROWN STRIPE" OR "ALL BLUE" BAGS CONTAINING FRAGILE ARTICLES SHOULD BE KEPT ON TOP.

(10) **C.O.D. Remittances.**—Attention has again been directed to the increasing number of cases in which Postmasters fail to promptly remit for C.O.D. collections, and the irregularity has been aggravated in many cases by the failure of Postmasters to reply to correspondence sent them on the subject from the District Superintendent's Office.

The Department desires to give notice to all Postmasters of the seriousness of this irregularity. The retention or manipulation of C.O.D. funds is an indictable offence and warning is hereby given that, in any case in which it is proven that these funds have been manipulated, or irregularly detained, the Department will at once consider the question of prosecuting the Postmaster at fault.

The Postmaster who fails to promptly reply to correspondence from the District Superintendent's Office in regard to matters of this kind will be considered as endeavouring to cover up the mistreatment of C.O.D. funds and will be dealt with accordingly.

(11) Acceptance of Registered Articles.—When a registered article is presented for mailing every possible care is to be taken to see that:—

(a) It is fully prepaid both as regards ordinary postage charges and registration fee (senders should be informed of the added protection afforded by the higher fees);

(b) The postage stamps are properly cancelled;

(c) The article is properly date-stamped on the address side, and twice back-stamped upon the closing flap;

(d) An entry is made in registered record;

(e) An impression of "Original No." stamp is placed on the cover and a number given the article; and

(f) A receipt duly completed is given to the sender.

(12) Mail Matter addressed to Pine, Ontario.—The Postmaster at Chapleau advises that a considerable amount of mail matter addressed to Pine, Ont., a non post office point situated near Hawk Lake, Ontario, Post Office, is received at his office. The Post Office formerly known as Pine, which is situated a few miles east of Chapleau, has been closed for a number of years.

Postmasters and Railway Mail Clerks will please see that all mail matter addressed to Pine, Ont., is forwarded to Hawk Lake, Ont., for delivery.

(13) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Redbridge, Ont.....Red Lake, Ont.

Particular care should be taken in the sortation of mail for these offices.

(14) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:—

	Letter Rate			
	1st Weight	2nd Weight	Postcards	Date
India.....	2 annas 6 pies	2 annas	2 annas	1st Dec. 1931
Finland.....	2 marks 50 penni	1 mark 50 penni	1 mark 50 penni	1st Dec., 1931
Egypt.....		13 mills		

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(15) Parcel Post for Poland, Roumania and Russia.—Parcels continue to be returned from Poland, Roumania and Russia with charges of about $2.00 and to avoid being called upon to pay such charges, senders should mark their parcels To be Abandoned in Case of Nondelivery.

Licences from the Soviet authorities are necessary for all parcels sent commercially to Russia and for private parcels sent for the personal use of the addressee, except that any one addressee may import **small** quantities of certain articles without licence up to specified yearly limits. Senders should be specially cautioned in regard to these restrictions, so that they may ascertain from the addressees whether their parcels will be admitted into Russia. Attention is also directed to the fact that worn clothing and footwear cannot be sent by parcel post to Russia unless clean and **accompanied by a medical certificate of inspection.**

(16) Parcel Post Rates to Other Countries.—Postmasters will find hereunder a Table of Parcel Post Rates from Canada to other Countries with changes which have occurred since the Guide went to press and which should be noted in their copy of the 1932 Guide.

(2) **Air Mail Service to Chibougamau P.Q. suspended.**—Owing to the closing of the Chibougamau Post Office, the Air Mail Service between Amos and Chibougamau has been discontinued.

(3) **Reason for Non-delivery must be indicated on Letters Returned to Senders.**—Attention has been invited to the fact that many Postmasters are returning undeliverable letters and other articles to the senders without marking on the covers the reason for non-delivery (such as "Not called for", "Refused," etc.), or stamping the articles with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 203, page 52, Postal Guide, 1932.)

(4) **Indication of value not to be placed on Insured Parcels.**—It has been reported that, in a number of cases, senders have placed on the covers of Insured Parcels an indication of the value of such parcels and the public should be advised to discontinue this practice.

In every case where the value of a parcel is noted on the cover, such mark of value is to be obliterated.

The above has no reference to parcels addressed to a British or foreign destination, each of which should bear a Customs Declaration showing the nature and value of the contents.

(5) **"Insured Parcel No....." Stamp to be clearly indicated on Insured Parcels.**—Postmasters are reminded that the words "Insured Parcel No....." should be stamped or written on the face side of an insured parcel and the parcel given the same number as the insurance receipt.

An insured parcel must also be carefully date-stamped so to show clearly the office of mailing and date of mailing.

Attention is also drawn to the regulation stating that parcels for insurance must be legibly and fully addressed and must bear the name and address of the sender.

(6) **Disposal of Copper Coins.**—Attention of Postmasters is called to the necessity of not allowing copper coins to accumulate in their tills beyond what is required for making change. As many of these coins as possible are to be put into circulation, and the accumulation of a large quantity of them is to be avoided by making use of them for remittances to the banks on Post Office Account or for the replenishment of Credit Supplies. Banks will accept copper coinage to the value of $1.00 when put up in rolls of 25 each.

(7) **Postmasters to use free registration system only when necessary.**—Attention has been directed to the fact that Postmasters frequently send by registered mail official letters of a routine nature which should properly be sent as ordinary mail. Postmasters are reminded, therefor, that when mailing official forms, letters, etc., the registration system is to be used only when absolutely necessary.

(8) **½ Cent "Householder" Circulars.—**

(1) Printed circulars up to one ounce soliciting business may be accepted for local distribution to Householders by the Post Office of mailing at the rate of ½ cent each if posted in quantity.

(2) Circulars prepaid at the rate of ½ cent each are not to be distributed to Rural Mail Delivery Boxes.

(3) The ½ cent rate will not cover the transmission of circulars to other Post Offices and distribution therefrom.

(4) If a business firm desires circulars as described above in (1) distributed to Householders by Post Offices in other places, the following conditions must be observed:—

(a) the business firm must have a bona fide local agent or representative in the place to which the circulars are forwarded;

(b) the name and address of such local agent or representative must appear on each circular;

(c) the postage charges for forwarding the circulars in bulk to their agent are to be paid by the business firm either at the printed matter rate on the bulk weight or at parcel post rates;

(d) when mailed by the agent at his local Post Office, postage must also be prepaid at the rate of ½ cent for each circular.

(9) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Dickson, Alberta	Dixonville, Alberta
Dewey, B.C.	Dewdney, B.C.
Durieu, B.C.	Drewry (non-post office point)
Killarney, Man.	Killarney, Ont.
Killarney Lake, Alberta	Killarney, Irish Free State

Particular care should be taken in the sortation of mail for these offices.

(2) **Postal Register machine, to be used for prepayment of postage, approved.**—The Department has approved the use in Canada of a postal register machine which may be used for the prepayment of postage on all classes of mail matter. Each item of mail matter on which the postage is prepaid by means of this machine, will have affixed to it at the upper right-hand corner of the address, where stamps are usually placed, an impression of the amount of postage paid, thus—

As the postage, including the registration fee, insurance fee or C.O.D. fee, as the case may be, on such items of mail matter, will have been prepaid in cash, they are to be forwarded and delivered free of charge except that in the case of a C.O.D. article, the C.O.D. collection including money order fee is to be made as usual, in accordance with the entries on the tag.

(3) **Written or typewritten communications mailed in open envelopes subject to letter rate.**—Postmasters are reminded that any written or typewritten communication, also tradesmen's accounts or general accounts and bills, tax forms filled in in writing, motor licences, etc., are subject to the letter rate of postage, even though mailed in open covers.

The sending of a letter or any communication or document subject to the letter rate of postage in an open cover does not in any way diminish its liability to the letter rate of postage.

See section 45, page 13, and section 7, page 7 of the 1932 postal guide.

(4) **Printed Matter from Department of Agriculture, Ottawa, not to be Re-directed.**—It is requested by the Department of Agriculture at Ottawa that printed matter received from that Department addressed to persons who have moved away should not be re-directed to those persons, but should be returned to the Publications Branch, Department of Agriculture, Ottawa, with the new address written on the envelope, in order that the Departmental mailing list may be corrected.

Postmasters are instructed to make a note of this request and to see that it is complied with in their offices.

(5) **Letters mailed by Department of Public Welfare, Old Age Pension Commission, Parliament Buildings, Toronto, not to be re-directed but to be returned direct to senders.**—Postmasters are informed that the Department of Public Welfare, Old Age Pension Commission, Toronto, have printed the following request on envelopes containing old age pension cheques—

Postmasters

Do not re-address, return to

Provincial Treasurer,

Parliament Buildings, Toronto.

Postmasters are instructed to comply with this request and return such undeliverable letters direct to the senders instead of re-addressing them to a new address.

(6) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 197, page 51, of the Canada Official Postal Guide for 1932.

Postmasters are allowed the usual percentage on postage due stamps.

(7) **Date Stamping of Paid Money Orders.**—Postmasters at weekly Accounting Offices must take particular care to stamp the exact date of payment on Money Orders received; that is, an Order paid on a certain day, must be stamped with the date of that day and not with the date of the last day of the term of business.

Failure to observe this warning may result in disallowance of claim by Postmasters of premium allowed on U.S. Orders.

(8) **Return of Address Labels.**—The attention of Postmasters is again drawn to the fact that Address Labels (7P, 8P and 9P,) from Householder Matter, should now be forwarded direct to the Office of the District Superintendent in which District the Postmaster is located.

The instructions in the second sentence of the second paragraph of Article 95 of the Canada Official Postal Guide, are to be amended accordingly.

(9) **Care to be Exercised in the Use of Rubber Stamps and Ink.**—Postmasters are requested to exercise every possible care in the use of rubber stamps and ink.

Rubber stamps should be used with fountain pad and fountain pad ink only.

Steel dating stamps should be used with cancelling ink only.

The abnormal increase in requisitions received for replacement of rubber stamps and rubber type has caused the Department to make a careful inspection of stamps returned for replacement and in practically every instance the mutilation of rubber has been caused by its having come in contact with cancelling ink.

(10) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Torrington, Alberta.	Torrington, Conn., U.S.A.	Torrington, North Devon, England.
Fort Frances, Ont.	Fort Fraser, B.C.	Port Franks, Ont.

Particular care should be taken in the sortation of mail for these offices.

(11) **3c. Letter Postage to Spain.**—On and after the 1st March, 1932, the rates of postage on letters and postcards from Canada to Spain and Spanish Colonies are as follows:—

	Letters		Postcards
	1st ounce	Each ounce after	
Spain, Balearic Islands, Canary Islands, Chaferinas, Ceuta, Melilla, Alhucemas and Andorra	3 cents	2 cents	2 cents
All other Spanish Colonies	5 cents	3 cents	3 cents

Postmasters will please amend the entries on pages 94, 102 and 179 in the 1932 Postal Guide accordingly.

(12) **Rates of Postage on Letters and Postcards from Other Countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:

	1st weight	2nd weight	Postcards	Date
Malay States and Straits Settlements	8 cents	4 cents	4 cents	
Hedjaz and Nedjde and dependencies	2¼ grouch	1½ grouch		Feb. 1, 1932

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(13) **United States—Fees Collected on Parcels from Canada.**—Attention is again directed to the fact that a special fee of 5 cents is collected in the United States from the addressees as a delivery charge on all parcels from Canada, and that, in addition, a fee of 10 cents is collected on dutiable parcels for customs clearance and accounting.

(14) Charges to be Collected from the Senders on Parcel Post Returned from Great Britain and Other Countries.—Postmasters are informed that when undeliverable parcels are returned from Great Britain and other countries to the senders in Canada, a charge equal to the postage paid on parcels when posted in Canada, is to be collected from the senders.

Section 419, page 86 of the 1932 Postal Guide should be amended by deleting from the third line, the words "in addition to any accrued charges."

(15) Direct Parcel Post Service to Brazil Temporarily Discontinued.—Owing to the lack at present of direct sailings to Brazil parcels should not until further notice be accepted for transmission by the direct route to that country. All parcels for Brazil should in the meantime be properly prepaid to go via New York, and sent to Montreal to be included in the mails made up by that office for New York.

(16) Dutiable Parcels Addressed to Turkey.—The Turkish Post Office announce that under temporary regulations just introduced in Turkey no dutiable parcel addressed to Turkey may exceed 2 lbs. in weight but several parcels of that weight may bear the same address. Such parcels must not contain silks, perfumes, feathers used as ornaments, furs, articles trimmed with fur, manufactured articles containing precious metals. Persons intending to send dutiable articles by post addressed to Turkey, should ascertain beforehand from the addressees whether the importation of such articles into Turkey is allowed.

(17) South Africa Parcel Post.—Postmasters are informed that Parcel Post Rates to South Africa have been revised, and will, until further notice, be as follows:—

(3) **Postal Register machine, to be used for prepayment of postage, approved.**—With reference to the notice appearing in the March Supplement, advising that the Department has approved the use in Canada of a postal register machine which may be used for the prepayment of postage on all classes of mail matter, postmasters are informed that it has been decided to confine the use of this machine to parcels of printed matter, samples, parcel post and bulky matter prepaid at the letter rate. Each item of mail matter on which the postage is prepaid by means of this machine, will have affixed to it at the upper right-hand corner of the address, where stamps are usually placed, an impression of the amount of postage paid, thus—

As the postage, including the registration fee, insurance fee or C.O.D. fee, as the case may be, on such items of mail matter, will have been prepaid in cash, they are to be forwarded and delivered free of charge except that in the case of a C.O.D. article, the C.O.D. collection (including money order fee) is to be made as usual, in accordance with the entries on the tag.

(4) **New 6c. surcharged Air Mail Postage Stamps.**—In order to meet the existing demand for a 6 cent air mail stamp, the Department has arranged to overprint the 5c. air mail stamps of the 1928 issue with a surcharge, raising the value to 6 cents.

Postmasters may obtain supplies of these by sending in a requisition in the usual way to their Supply Depot.

(5) **Postage Stamps for Revenue Purposes.**—In view of the fact that Postage Stamps may be used for the payment of Revenue Tax, arrangements have been made with the banks for the sale of Postage Stamps for Revenue Tax purposes only.

Excepting when special authority has been given, Postmasters are not to supply local banks for this purpose, as other arrangements have been made.

The Department will make special arrangements, if necessary in localities not yet provided for, under conditions to be determined in individual cases.

(6) **Apartment House Mail Receptacles.**—Postmasters are advised that the Apartment House Mail Box manufactured by Messrs. Stanley and Patterson, 611 St. James Street West, Montreal, has been added to the list of approved boxes.

(7) **Special Handling of Spring Hats.**—In view of the increase of fragile shipments—mostly hats, owing to the Spring season—postmasters are requested to give special attention to shipments of this nature.

Fragile parcels should be well packed and should be conspicuously endorsed or labelled "Fragile—with care."

Fragile parcels are to be despatched in "brown striped," "all red" or "all blue" bags, of which a supply should be on hand. Even if there is only one fragile parcel for despatch it should be placed in a "brown striped," "all red" or "all blue" bag.

All postal employees are especially warned not to roughly handle fragile parcels or "brown striped, "all red" or "all blue" bags containing fragile parcels nor to throw them on the floor or onto mail trucks or into postal or baggage cars and under no circumstances to sit on or walk over sacks of mail matter.

In piling, loading or unloading matter "brown striped," "all red" or "all blue" bags containing fragile articles should be kept on top.

(8) **How to put up packages of Bank Bills.**—Postmasters are reminded that packages of bank bills for transmission by mail should be put up in the manner described below.

BEFORE WRAPPING, the bills must be put up in a compact package and securely tied with strong twine. The wrapper must be of linen or other strong, woven material, linen lined paper or two thicknesses of strong kraft paper (not less than 60 lbs. weight per ream). AFTER WRAPPING, the package must again be securely tied or stitched and sealed at the points of closing.

In any case where a package of bank bills is received in a broken condition, the contents must be carefully verified in the presence of the addressee before the package is delivered and the case must then be reported immediately to the District Superintendent with full particulars as to the date and office of mailing, the name of the bank by which posted, amount of contents, address and date of delivery.

Postmasters are requested to inform the banks which receive and despatch money packages through their office of these regulations.

(9) Certain samples may be sent sealed against inspection.—Samples of any staple article of use or consumption, possessing no saleable value, properly transmissible by post, put up in the usual manner and with a proper descriptive label, may be forwarded by post, though the enclosing tin or case may not admit of being opened in course of post, if posted by parties known to be engaged in the manufacture or sale of the article in question, and who vouch that the contents are precisely as described on the label.

Postmasters are advised that samples mailed in accordance with this regulation and fully prepaid at third class rates, are to be delivered without additional postage being charged. (See Section 113, page 26 of the 1932 Postal Guide).

(10) C.O.D. Remittances.—The attention of Postmasters is directed to the paragraph relating to "Money Orders to be sent direct to sender of article" on page 4 of the pamphlet "C.O.D. Service within Canada," wherein it is stated that Money Orders remitting the charges to senders should be issued promptly in every case and **should be endorsed in the space provided with the same number as the C.O.D. article for which remittance is being made.**

Instances are occurring in which this latter procedure is not being carried out, and Postmasters are, therefore, instructed that each money order so issued must have the number of the C.O.D. article inserted in the proper space.

(11) Correct addressing.—On numerous occasions attention has been called to the number of articles going to the Dead Letter Office on account of insufficient addressing, non-payment of postage, etc.

A considerable improvement has been shown over previous years but still further co-operation is needed to cut down on this enormous economic waste. Business men should be urged to give particular care to the preparation of their mail including their circular advertising.

One of the greatest sources of faulty addressing is the use of inaccurate mailing lists and every business man should keep constantly before his clerks the slogan:—

"Keep your mailing lists up-to-date"

This is essential not only to prevent waste, but also because of the effect on the addressee of receiving carelessly addressed or otherwise badly prepared pieces of mail. Particular care should be taken to see that the name is correctly spelled, that the full Christian name or initials are used and that no attempt is made to economize in addressing by leaving off any portion of the address. This is a form of economy which is apt to prove a "boomerang" because the effect on the prospective customer of faulty spelling of a name or other indications of slip-shod methods is sure to be anything but favourable. If an article is worth mailing it is worth receiving the best of attention in the way of full address, etc. If the addressing is done by a firm's own employees, then the management should see that the lists are kept up-to-date and that every piece of mail is checked before despatch; if the mailing is undertaken by firms engaged in handling mailing campaigns, then the advertiser should see that his work is given to a reliable concern and not merely to one which quotes the lowest price per 1,000 for addressing. A loss of one or two prospective customers will usually more than off-set any slight saving which might be effected by taking inferior work.

Postmasters should bring the above to the particular attention of firms engaged in the preparation of their spring mailing lists and in this connection it may be pointed out that Post Office rural directories will be of great assistance in compiling such lists.

(12) Official Labels for Householder Mail.—At Post Offices where circulars or other articles of Third Class Matter addressed simply "Householder" or "Boxholder" are mailed, the Postmaster must see that official labels 7P, 8P or 9P are used on all mailings of this kind, and that the postage is affixed to the official label attached to each package or bundle.

If prepayment is made under the "Postage-paid-in Cash" system, the permit number must be entered on each label.

Requisition for such forms may be made in the usual way.

(13) Mail Bags.—The attention of the Equipment and Supply Branch has been brought to the fact that a great many mail bags are out of service for the reason that they are used for storing old fyles and other material not at present required. It has also been found that bags are left lying in post offices and railway stations.

As every available mail bag is required for use at all times in the service and as each mail bag out of actual service means a loss and an additional expense to the Department in providing others to replace them (which this year's estimates will not permit), District Superintendents, Post Office Inspectors, Postmasters and all other Postal Employees are requested to see that any bags found out of actual service, whether in good condition or in need of repairs are immediately returned to the nearest depository.

The Depositories are located as follows:

Toronto, Ont.	Winnipeg, Man.
Ottawa, Ont.	Vancouver, B.C.
London, Ont.	Calgary, Alberta.
Montreal, P.Q.	Saint John, N.B.

(14) Surplus Equipment.—The Equipment and Supply Branch advise that there is surplus Departmental equipment at various Post Offices which is serviceable but not in use and which can be used to advantage in other offices.

District Superintendents and Postmasters are requested to advise the Equipment and Supply Branch of any Departmentally owned equipment such as typewriters, model daters, etc., adding machines, letter boxes, scales, trucks, letter carriers' satchels, and other equipment which is now on hand at their offices and surplus to requirements.

When notifying the Equipment and Supply Branch of any surplus equipment full and complete description should be given of each item.

(15) Increased Postage Rates on Certain Newspapers and Periodicals from United States.—Postmasters are informed that the rate of postage on newspapers and periodicals (other than daily newspapers) mailed by publishers in the United States addressed to any Post Office in Canada, has been increased to one and one-half cents for each four ounces, effective May 1st, 1932.

The second paragraph of section 49, page 14 of the 1932 postal guide has been amended to read as follows:

"The same arrangements apply to newspapers and periodicals mailed in the United States by United States publishers to subscribers and newsdealers in Canada, but the rate of postage on such newspapers and periodicals is one and one-half cents for each four ounces or fraction thereof."

(16) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:

	1st Weight	2nd Weight	Postcards
Brunei Sarawak	8 cents	4 cents	4 cents
Falkland Islands	1½ pence	1 penny	1 penny
Gold Coast Colony	2 pence	1 penny	1 penny

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(17) Changes in 1932 Postal Guide.—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1932 Guide.

MONEY ORDER INFORMATION

FOREIGN EXCHANGE

Postmasters are informed that, until further notice, the information respecting the rates at which amounts of Orders on Great Britain and certain Foreign Countries will be converted into the currencies of those Countries, will be published in the Post Office Weekly Bulletions, instead of the Monthly Supplement, as heretofore.

The rates published in the Bulletin shall be effective unless special instructions are received from the District Superintendent of Postal Service, advising that the rate in the Bulletin is superseded by a later rate.

The Postmaster must retain the Bulletin and consult it when issuing Money Orders on the Countries listed therein. If a rate in the Bulletin is superseded by a later rate, the Postmaster must be careful to use the correct rate.

NOTICES.

PAYMENT IN CANADA OF MONEY ORDERS DRAWN ON UNITED STATES

In connection with the instructions in the December, 1931, Supplement to the Canada Official Postal Guide, in respect to the payment in Canada of Canadian Money Orders drawn on the United States, Postmasters are informed that payment may be made either to the remitters or to the payees.

The rate of premium which is being allowed on United States Orders shall apply to Canadian Orders drawn on United States. Payment is to be effected under the same conditions as premium is paid on United States Orders, that is, no premium is allowed for Orders less than one dollar and premium is paid on the "even" dollar amounts only.

The procedure outlined in the December Supplement relative to the preparation of Form M.O. No. 27 P.M., is to be followed, but particular care is to be exercised to see that the premium rate only which is in force for Orders issued in the United States will be used in the case of repayment (or payment) of Canadian Orders drawn on United States.

POSTMASTERS MUST NOTIFY BANKS OF EVERY CHANGE IN THE RATE OF PREMIUM ALLOWED ON UNITED STATES MONEY ORDERS

It has come to the attention of the Department that Postmasters at certain Money Order Offices fail to acquaint the Banks in their vicinity with the changes in rates of premium allowed on United States Money Orders immediately upon receipt of notices from the District Superintendent of Postal Service authorizing such changes.

In future, therefore, particular care must be exercised to see that all Banks in the vicinity of the Money Order Office are immediately advised of any change in the rate of premium allowed. If after investigation it is found that the Banks have not been notified as directed in the District Superintendent's Circular, the Postmaster will be called upon to make good the amount of excess premium allowed by the Banks of United States Orders.

MONEY ORDER SERVICE WITH PARAGUAY

Postmasters are informed that Money Orders may be drawn for payment in Paraguay.

The service will be conducted via France. A charge of ½ of one per cent from the amount of each Order is made by the French Department for intermediary service.

The Receipt only is to be handed to the Remitter. The Order, Coupon, Advice and Form M.O. No. 1 P.M. are to be sent to the Money Order Exchange Office, Ottawa, in Envelope M.O. No. 9 P.M.

The 1932 edition of the Postal Guide is to be amended by inserting "G. Paraguay" in the List of Countries on page 195 of the Guide.

ERRATA RE CANADA OFFICIAL POSTAL GUIDE

Postmasters will please make the following corrections in their copies of the Canadian Official Postal Guide for 1932.

Page 236: Bailey's Brook, N.S., is a non-accounting Office and not a Money Order Office. Delete Office No. X125.

Page 237: Bankend, Sask. Office Number should be 6109, not 6884.

Page 483: Toronto, Sub-Office No. 98, Ontario, is a non-accounting Office and not a Money Order Office. Delete Office Number 3447.

(3) Mail for Mackenzie River District.—The only mail service in the Mackenzie River District is an air mail service between Fort McMurray and Aklavik. Consequently mail matter intended for places in the Mackenzie River District must be prepaid at the air mail rates applicable to this route.

(4) Local Daylight Saving.—It is necessary in all cases that arrangements shall be made to despatch and receive mails in accordance with the railway time tables; but in the matter of the time of the opening and closing of post offices the postmaster may be guided by the action of the municipal authorities, that is, in any place where the local authorities decide to adopt daylight saving time, the postmaster may do likewise,—he should, in all cases, be guided by what is in the best interests of the public service.

(5) Summer Mail Service to Yukon.—Attention is invited to the fact that navigation in the Yukon will open about the 30th May. Parcel Post service will then be resumed.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(6) Special Handling of Shipments of Eggs.—Attention has been invited to the fact that in a number of cases shipments of eggs sent by parcel post have not been treated as fragile parcels, resulting in heavy losses to those concerned. In this connection Postmasters are requested to see that when shipments of eggs are presented for mailing, the eggs are packed in the manner described in the regulations on page 31 of the Postal Guide and that the package is conspicuously marked "Fragile—With Care."

Fragile parcels of this nature are to be despatched in "fragile" bags of which a supply should be on hand.

All postal employees are specially warned not to handle roughly fragile parcels or bags containing fragile parcels, and under no circumstances to sit on or walk over sacks of mail matter. In piling, loading or unloading matter, "fragile" bags should be kept on top.

(7) Tins of Maple Syrup Should be Properly Packed.—Postmasters are requested to bring to the attention of the public the following points in regard to the packing of tins of maple syrup.

Each tin should be placed in a special box of wood or of strong corrugated cardboard containing sawdust, cotton or some spongy material of sufficient quantity to absorb the liquid in the event of the tins being forced open. The best type of tin is one with a screw lid, with a rubber or cork cushion inside, in order to make it water-tight. This would prevent any leakage. Such parcels should also be marked "Fragile—with care."

See Sections 142 and 143, pages 30 and 31 of the 1932 Postal Guide.

(8) Registration Fee Required on Registered Letters Addressed to Government Departments.—Postmasters are reminded that while correspondence on public business addressed to Public Departments as set forth in sec. 167, Page 46, of the Postal Guide, may be forwarded free of ordinary postage, the usual registration fee must be prepaid if the letters are to go forward under registration.

There is no change in practice as regards mail matter sent to the Post Office Department by its Outside Service. Such matter sent under registration must be restricted to a minimum.

(9) United States Bank Notes not to be Accepted.—Instances have occurred where Postmasters have had to bear losses because in the course of Post Office business they accepted United States Bank Notes, which proved to be of no value. Postmasters are warned that, under no circumstances, should they accept Bank Notes issued by Banks in the United States for the purchase of Money Orders, Postage Stamps, etc., and any employee accepting such Notes will be held entirely responsible for any loss incurred.

(10) Reasons for non-delivery to be indicated on Householder Matter.—The attention of Postmasters is directed to the necessity of indicating the reasons for non-delivery on householder matter which fails of delivery and must be returned to the sender. It has been reported that in some instances Postmasters are returning householder matter without any indication either of the Post Office or of the reason for non-delivery.

Failure to comply with the regulations in this respect brings the Post Office Householder System into disrepute and may have serious effects on Post Office revenue.

(11) Requisitions for Supplies.—Owing to decreased appropriation of funds for the purchase of postal supplies and equipment for the fiscal year 1932-33, it is essential, with a view to economy, that each requisition for supplies be carefully edited before submission to the Equipment and Supply Branch or Postal Stores.

The quantity requisitioned for must only be sufficient to meet requirements for the period covered by the requisition.

The Postmaster's personal supervision of all requisitions for supplies is requested.

(12) Rate of Postage on Letters from the Panama Canal Zone to Canada.—Postmasters are advised that the letter rate of postage from the Panama Canal Zone to Canada is 2c. per ounce or fraction of an ounce. Letters from the Panama Canal Zone prepaid at the rate of 2c. per ounce must not be surcharged.

(13) Rates of Postage on Letters and Postcards from Other Countries to Canada.—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:—

	1st Weight	2nd Weight	Postcards	Date
Iraq	15 fils	8 fils	8 fils	1st April, 1932.
Persia	1 kran 10 chahis.	18 chahis	18 chahis	1st April, 1932.

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(14) A.R. Cards from Uruguay.—Postmasters are advised that a request has been received from the Administration of Uruguay requesting that A.R. Cards received from that country be returned direct to the Postal Administration instead of to the sender as required by Section 183 of the 1932 Postal Guide.

In future, A.R. Cards received from Uruguay, after being duly signed as required by the above section, are to be returned to the following address:—

Bureau des Recommandes, Poste Centrale, Montevideo, Uruguay.

(15) Newfoundland—Parcel Post.—Postmasters are reminded that customs declarations must be attached to all parcel post parcels for Newfoundland and that an accurate statement of the nature and value of the contents is required on the declaration in each case. The Newfoundland Administration advises that this requirement is not being fully observed and Postmasters are requested to see that careful attention is given to the manner in which customs declarations for Newfoundland are executed in their offices.

(16) Changes in 1932 Postal Guide.—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1932 Guide.

(3) Collection of Deficient Postage—Postage Due Stamps.—Before an unpaid or insufficiently prepaid article is delivered,, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way, and must always be kept on hand. See section 197, page 51 of the Canada Official Postal Guide for 1932.

Postmasters are allowed the usual percentage on postage due stamps.

(4) Tax of Three Cents must be collected on every Post Office Money Order issued in Canada drawn for a sum over $5.00.—Postmasters are informed that on and after the 2nd May, 1932, a three cent tax, instead of a two-cent tax, as heretofore, is to be collected on every Post Office Money Order issued in Canada drawn for amounts from $5.01 to $100.00, inclusive.

The Commission to be collected on Orders over $5.00 will, therefore, be the regular Money Order fee plus a three cent tax.

Postmasters will please amend their copies of the Book of Instructions, Canada Official Postal Guide, Card Form M.O. No. 5 P.M. (Money Order Rates of Commission), Circular in use from District Superindendent, respecting Commissions on Money Orders on United States, etc. (Provided the circular is dated prior to May 2nd, 1932), also a schedule of Money Order Commissions on C.O.D. Tags, and Application Forms M.O. No. 1 1-4 P.M., accordingly.

(5) Complete Address required on Insured and C.O.D. Parcels.—Postmasters are reminded that insured and C.O.D. parcels must be fully addressed before they are accepted for mailing. As it is essential that this regulation be followed, Postmasters will caution employees accepting parcels that they must be fully addressed as to street and number or office building, and at the same time every effort should be made to bring to the attention of the public the importance of correctly addressing all articles of mail, pointing out the delay and possible loss which may result from their failure to co-operate in this way.

(6) Re Damage to Insured and C.O.D. Parcels.—The attention of Postmasters is directed to the handling of Insured and C.O.D. parcels noted to be in a damaged condition.

If the condition of the parcel is such as to apparently indicate that the contents are damaged or missing the addressee should be requested to examine the parcel in the presence of the Postmaster, or other employee and to leave the necessary exhibits with the Postmaster in as nearly as possible the same condition as when delivery was effected.

The Postmaster will report the matter to the District Superintendent, forwarding therewith the exhibits.

It should be carefully borne in mind by the employees concerned and the addressee should be informed that the Regulations preclude the payment of indemnity for damage or abstraction where the relative exhibits have not been furnished.

(7) Registered Articles damaged by Dating Stamps.—The Inspection Service notes an increasing number of claims for payment of indemnity for the damage to the contents of small Registered articles.

The contents are in most cases spectacles or fountain pens, which are damaged when the article is date-stamped with a steel dating stamp.

Postmasters and employees must exercise the utmost care when date-stamping such articles. The date-stamp impression should be made by pressing lightly and not by striking the article with the stamp.

(8) Delivery Instructions on Catalogues to be complied with.—The attention of Postmasters is directed to the necessity of observing instructions printed on catalogues in regard to delivery, etc.

In some instances the request is made that in case the addressee has removed, the catalogue be given to some other householder who has not received one. At the same time the wrapper is to be endorsed with the reason for non-delivery, taxed an amount equal to the original postage and returned to the Office of origin.

In the interests of the Postal Service, as well as the senders of catalogues, postmasters are instructed to comply with these delivery instructions.

(9) Return of Brown Striped Fragile Bags.—The Equipment and Supply Branch desires to advise that it has been decided to recall from the Service brown striped fragile bags.

In view of the above, Postmasters are requested to issue instructions to those concerned that all brown striped fragile bags are to be immediately forwarded to the nearest Mail Bag Depository with covering advice.

"All blue" fragile bags as well as "all red" (if any are on hand) may be utilized for the despatch of fragile matter as heretofore.

(10) "Revenue Tax Paid"—Postal Notes.—Attention is drawn to the fact that some Postmasters are still using the rubber stamp "Revenue Tax Paid" on all Postal Notes issued from their office, although supplies now being forwarded from the Department bear the words "Revenue Tax Paid" in the upper left hand corner.

Action is to be taken to see that the rubber stamp impression is not used on the current issue of Postal Notes, but only on Postal Notes of the old issue, which may be on hand and do not already bear the words "Revenue Tax Paid."

(11) Increased Postage Rates on certain Newspapers and Periodicals from United States rescinded.—Postmasters are informed that Section (15) appearing in the April, 1932, Supplement respecting an increase in the rate of postage on certain newspapers and periodicals from the United States has been rescinded.

The importation into Turkey of many articles is, however, subject to special restrictions, by the application of a quota system, and the senders of parcels should obtain full information from the Turkish authorities as to any requirements to be complied with in connection with the articles they desire to send by Parcel Post to Turkey.

Co-operation.

(3) The Department is pleased to note a reduction in the number of articles reaching the Dead Letter Office during the past fiscal year. It is evident that the public are once more co-operating in the matter of correct addressing, careful packing, etc., but much more remains to be done in this direction if the desired results are to be obtained.

Postmasters are requested to do everything possible to bring to the attention of their patrons the desirability of full co-operation with the Post Office along the following lines:

1. Complete addressing, including use of street and number where required.
2. Use of return address on all mail so that undeliverable matter may be returned promptly, unopened.
3. Full prepayment of postage.
4. Careful packing of parcels.
5. Use of correct mailing lists.
6. Correct address on all stationery.
7. Use of stamped or typewritten signature under signed name.
8. Tie-on labels to be avoided as, owing to these labels becoming detached, there is the danger of the article being left in the mail without proper address.

It is felt that by persistently bringing the above points to the attention of the public a serious economic loss will be prevented.

(4) **Rates of postage on letters and postcards from other countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows—

	1st Weight	2nd Weight	Postcards	Date

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(5) **Changes in 1932 Postal Guide.**—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1932 Guide.

MONEY ORDER INFORMATION

NOTICES

Revenue Tax of Three Cents on Money Orders over $5.00.

It is found that notwithstanding repeated instructions, there is still considerable confusion in the collection of the three cent Revenue Tax on Money Orders for amounts over $5.00, as many Postmasters either collect a tax of "two" cents instead of a tax of "three" cents on Orders from $5.01 to $100.00, or charge a tax on Orders for $5.00 and under, whereas such Orders are exempt from the tax.

Schedules of Money Order Commission rates and Revenue Tax were published in the Post Office Weekly Bulletin for June 4th, 1932, and should be retained and consulted when issuing Orders.

Postmasters will please, therefore, give their personal attention to this important matter.

COMMISSIONS ON MONEY ORDERS PAYABLE IN THE UNITED STATES, CUBA, ETC.

It is observed that in the issue of Money Orders payable in the United States, Cuba, etc., many Postmasters and Issuing Officers do not make proper use of the tables supplied by District Offices from time to time, authorizing changes in the rates of commission, as they fail to include the regular money order commissions and Revenue tax in addition to the "Exchange" charges.

As an example is given at the bottom of each table supplied, showing how the Exchange charges, the regular fee and revenue tax are to be calculated, Postmasters will be particularly careful to see that the commission on orders drawn on United States, etc., will be correctly accounted for in the Money Order Return.

PAYMENT IN CANADA OF MONEY ORDERS DRAWN ON THE UNITED STATES

In connection with the instructions in the December, 1931, Supplement to the Canada Official Postal Guide in respect to the payment in Canada of Canadian Money Orders drawn on the United States, Postmasters are informed that payment may be made either to the Remitters or to the Payees.

The rate of premium which is being allowed on United States Orders shall apply to Canadian Orders drawn on the United States. Payment is to be effected under the same conditions as premium is paid on United States Orders, that is, no premium is allowed for Orders less than one dollar and premium is paid on the "even" dollar amounts only.

The procedure outlined in the December Supplement, relative to the preparation of Form M. O. No. 27 P. M., is to be followed, but particular care is to be exercised to see that the premium rate only which is in force for Orders issued in the United States will be used in the case of repayment (or payment) of Canadian Orders drawn on the United States.

MONEY ORDERS DRAWN FOR PAYMENT IN THE LEEWARD ISLANDS (COMPRISING ANGUILLA, ANTIGUA, DOMINICA, MONTSERRAT, BETHEL, CUDJOE HEAD, HARRIS, ST. JOHNS, ST. PETERS, SALEM, NEVIS, ST. KITTS, VIRGIN ISLANDS) ARE NOT TO BE HANDED TO THE REMITTER.

Postmasters are informed that in order to provide a more satisfactory Money Order Service with the above named colonies, of the British West Indies, the amounts deposited by remitters in Canada will be converted into the currency (Sterling) of the country of payment in accordance with the current market rates, instead of at the fixed rate of $4.87 to the pound sterling.

The same rate of conversion will apply to such Orders as on Orders issued for payment in Great Britain.

On and after 1st July, 1932, Postmasters will therefore, advise applicants that the amounts in Canadian money will be converted into sterling at the same rate as quoted at the time of issue for Orders on Great Britain.

The remitter will be required to fill out a form M.O. No. 1 P.M., indicating the payee's name and address in full. The Order with the coupon attached, and form M.O. No. 1 P.M., must be sent to the Exchange Office in envelope M.O. No. 9 P.M. No advice is required.

In the copy of the Canada Official Postal Guide, Postmasters will please change the letter "A" to "Z" opposite the names of these colonies, and add the following explanation of the letter "Z" at the foot of page 196:

Z. Hand receipt only to remitter. Send Order (with coupon attached) to Exchange Office in Envelope M.O. No. 9 P.M. No advice required. Note rate of conversion on remitter's application form M.O. No. 1 P.M. Rate of conversion on Great Britain to be used.

POSTMASTERS MUST NOTIFY BANKS OF EVERY CHANGE IN THE RATE OF PREMIUM ALLOWED ON UNITED STATES MONEY ORDERS

It has come to the attention of the Department that Postmasters at certain Money Order Offices fail to acquaint the Banks in their vicinity with the changes in rates of premium allowed on United States Money Orders immediately upon receipt of notices from the District Superintendent of Postal Service, authorizing such changes.

In future, therefore, particular care must be exercised to see that all Banks in the vicinity of the Money Order Office are immediately advised of any change in the rate of premium allowed. If after investigation it is found that the Banks have not been notified as directed in the District Superintendent's Circular the Postmaster will be called upon to make good the amount of excess premium allowed by the Banks on United States Orders.

ISSUE OR PAYMENT OF MONEY ORDERS PROHIBITED

In consequence of a prohibitory order having been issued by the Post Office Department of Canada, Money Orders are not to be issued in favour of the following concerns, nor are Money Orders to be paid in Canada to those concerns or their agents, whether attempt is made to cash Orders at Money Order Offices, or to clear them through the Chartered Banks of Canada, or their foreign correspondents.

(3) Important Notice.—By direction of the Postmaster General, all postmasters and authorized stamp vendors are hereby notified that no exchange or redemption of postage stamps, postcards, etc., can be made except through the Financial Branch of the Post Office Department at Ottawa, and that in cases where an exchange is so authorized the Department will make a charge of 10% of the face value of the stamps or cards turned in for exchange or redemption.

Postmasters will please bring the above specially to the attention of all postage stamp permit and license holders under their jurisdiction.

L. J. GABOURY,
Deputy Postmaster General.

(4) 2c. Red Postage Stamp Surcharged 3c.—Postmasters are informed that in order to meet the existing demand for 3c. postage stamps, the 2c. red postage stamps of the 1930 issue have been overprinted with a surcharge, raising the value to 3c.

(5) Hours of Special Delivery Service.—With a view to obtaining uniformity as regards the hours of Special Delivery Service, the Department has decided that in future the Special Delivery Service by messenger is to commence—daily, except Sunday—at 7 a.m. and that Special Delivery letters mailed at the Post Office up to 10 p.m. City Time, addressed for local delivery and Special Delivery letters received by any train due to reach the City up to 10 p.m. City Time, are to be taken out for delivery to the addressees by special messenger.

By "City Time" is meant the time on which the City is operating irrespective of whether it is Standard Time or Daylight Saving Time.

(6) Keys mailed without Prepayment of Postage.—Postmasters are reminded that keys such as hotel keys, automobile keys, etc., mailed without prepayment of postage, are to be delivered to the address on the disc or tag, subject to the collection of double postage at letter rate. See section 112, page 26, of the Postal Guide.

(7) Letters Addressed to Initials.—Some Postmasters do not seem to be quite clear as to the correct treatment of letters posted at their offices addressed to initials.

Section 16, page 9, of the current Canada Official Postal Guide fully covers such letters, and is quoted hereunder:—

"Letters addressed simply to initials, as "A.B.", "X.Y.", or to a Christian name, simply, as "John" or to an arbitrary or fictitious name, with a designation of the place of delivery, as "Montreal" "Toronto", but which are not further directed to the care of some named person, firm or institution, or special post office box or street number, are not to be accepted, if handed in at a post office; and are not to be forwarded if dropped in a letter box, but are to be sent to the proper Branch Dead Letter Office by first mail, unless they bear the address of the sender. If the sender's address is given, the letters should be returned direct. The above does not apply to correspondence addressed to radio stations designated by means of letters."

Postmasters will be good enough in future to dispose of letters addressed to initials in accordance with the above regulation.

(8) Duplicates of Post Office Money Orders Now Sent "Direct" to Beneficiaries.—Postmasters are informed that duplicates of Post Office Money Orders issued to replace originals which have become lost, burned or destroyed, are now forwarded from the Post Office Department at Ottawa "direct" to the beneficiaries (the payees or remitters of the original Orders) in Canada, instead of to the Postmasters where payment was intended to be made as heretofore.

It is essential that in all applications for the issue of duplicate Orders particular care is taken to ascertain and indicate on the application forms the complete address of the person in whose favour the duplicate Order is to be drawn.

Postmasters will be good enough to pay the amounts to the persons designated, upon presentation of the duplicate Orders, in accordance with the usual conditions governing the payment of Money Orders.

Duplicates of Canadian Orders payable in other countries are forwarded to the Postal Administrations of the Country of Payment for delivery to the beneficiaries.

(9) Fragile Parcels not to be sent to or from Certain Post Offices.—Postmasters are particularly requested to see that fragile parcels addressed for despatch to or from Post Offices served exclusively by catch post service are not accepted for mailing.

Section 146, page 32, of the Postal Guide, dealing with this phase of Parcel Post, reads as follows:—

"There are certain post offices in Canada, situated on Railway Lines which are served by what is known as 'Catch Post Service' only, as the mail trains do not stop there. In these cases the mail bags are taken on and thrown off moving trains, and it has been found impossible to handle fragile parcels satisfactorily.

The Post Offices referred to are indicated in the Alphabetical List of Post Offices (Part II of this Guide) by the sign "‡" placed in front of the name of the office, and postmasters are instructed not to accept any fragile parcels for transmission to or from offices thus indicated."

(10) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Coppen, Sask.	Cappon, Alta.
Lady Lake, Sask.	Lucky Lake, Sask.
Wapiti, Alta.	Warspite, Alta.

Particular care should be taken in the sortation of mail for these offices.

(11) Rate of Postage on letters from Panama Canal Zone to Canada.—Postmasters are informed that the rate of postage on letters from the Panama Canal Zone has been increased to 3c. for each ounce or fraction thereof with effect from the 6th July, 1932.

(12) Parcel Post to Greece.—The Greek Post office announces that, up to the 15th of November 1932, limits have been imposed upon the importation into Greece of many articles of merchandise, and senders should ascertain from the addressees beforehand whether their parcels will be admitted into Greece. Inadmissible goods sent to Greece are liable to be returned to senders with charges to pay.

(13) Russia—Addressing Parcels.—Attention has been called by European Exchange Offices to the difficulty experienced in deciphering the addresses on the parcels from Canada for Russia which are frequently in Russian characters only. Postmasters are therefore requested to ask senders of parcels addressed to Russia to write the address on their parcels in Latin characters, or two addresses, one in Russian and the other in Latin characters, so as to facilitate the work of the exchange offices through which such parcels pass en route to country of destination.

(14) Ecuador—Parcel Post Rates. Postmasters are informed that the rates of postage on parcel post parcels for Ecuador have been revised and until further notice will be 25c for each pound or fraction thereof up to 10 lbs. On parcels over 10 pounds up to 15 pounds the postage will be a flat rate of $3.00 and on parcels over 15 pounds up to 20 pounds $3.50.

(15) Changes in 1932 Postal Guide.—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1932 Guide.

MONEY ORDER INFORMATION

NOTICES

COMMISSION ON MONEY ORDERS PAYABLE IN THE UNITED STATES, CUBA, ETC.

It is observed that in the issue of Money Orders payable in the United States, Cuba, etc., many Postmasters and Issuing Officers do not make proper use of the tables supplied by District Officers from time to time, authorizing changes in the rates of Commission, as they fail to include the regular Money Order Commissions and Revenue Tax in addition to the "Exchange" charges.

As an example is given at the bottom of each table supplied, showing how the Exchange charges, the regular fee and Revenue Tax are to be calculated, Postmasters will be particularly careful to see that the Commission on Orders drawn on the United States, etc., will be correctly accounted for in the Money Order Returns.

PAYMENT IN CANADA OF MONEY ORDERS DRAWN ON THE UNITED STATES

In connection with the instructions in the December, 1931, Supplement to the Canada Official Postal Guide in respect to the payment in Canada of Canadian Money Orders drawn on the United States, Postmasters are informed that payment may be made either to the Remitters or to the Payees.

The rate of premium which is being allowed on United States Orders shall apply to Canadian Orders drawn on the United States. Payment is to be effected under the same conditions as premium is paid on United States Orders, that is, no premium is allowed for Orders less than one dollar and premium is paid on the "even" dollar amounts only.

The procedure outlined in the December Supplement, relative to the preparation of Form M.O. No. 27 P.M., is to be followed, but particular care is to be exercised to see that the premium rate only which is in force for Orders issued in the United States will be used in the case of repayment (or payment) of Canadian Orders drawn on the United States.

DISCONTINUANCE OF USE OF "PAY STAMP" AND "UNDER TEN DOLLARS STAMP" IN CONNECTION WITH THE CASHING OF MONEY ORDERS THROUGH BANKS.

In connection with the notice under the above caption published in the August, 1931, Supplement to the Canada Official Postal Guide, regarding the discontinuance of the "Pay Stamp" and "Under Ten Dollars Stamp" in the case of Post Office Money Orders directed to be cashed through Banks, Postmasters are informed that, in future, if any Bank institutes inquiry relative to the use of these stamps, the Bank in question is to be informed that the Department has discontinued the stamps and withdrawn them from the service. This does not prevent the cashing of Money Orders at any chartered bank.

POSTMASTERS MUST NOTIFY BANKS OF EVERY CHANGE IN THE RATE OF PREMIUM ALLOWED ON UNITED STATES MONEY ORDERS.

It has come to the attention of the Department that Postmasters at certain Money Order Offices fail to acquaint the Banks in their vicinity with the changes in rates of premium allowed on United States Money Orders immediately upon receipt of Notices from the District Superintendent of Postal Service, authorizing such changes.

In future, therefore, particular care must be exercised to see that all Banks in the vicinity of the Money Order Office are immediately advised of any change in the rate of premium allowed. If after investigation it is found that the Banks have not been notified as directed in the District Superintendent's Circular, the Postmaster will be called upon to make good the amount of excess premium allowed by the Banks on United States Orders.

POSTMASTERS TO REQUISITION FOR SUPPLY OF NEW STYLE FORM M.O. No. 1 P.M. (Application for a Postal Money Order)

Postmasters are informed that in April, 1932, a new style Form M.O. No. 1 P.M. (application for a Postal Money Order), was put into circulation, and it is desired that this latest Form only be supplied to Remitters to make application for Money Orders payable in those Countries for which an Application Form is required. If, therefore, the Postmaster has not a stock on hand of this latest style of Application Form, he should make immediate requisition for a quantity sufficient to meet his requirements for three months, and on receipt of the new supply he should destroy the stock on hand of the older issue.

After the 1st August, 1932, if any of the old style of Application Forms are received in the Exchange Offices, they will be returned to the Postmaster with instructions to have the application filled out on the newest Form.

The new Application Form is self explanatory, and Postmasters are requested to have the Remitters prepare these Forms with ink. Other particulars are to be carefully completed at the issuing Office.

Application Forms are required for Money Orders drawn on Foreign Countries, British Colonies and Possessions, and British West Indies. Application Forms are not required, however, for Orders drawn for payment in Canada, Great Britain and Northern Ireland, Irish Free State, and the United States and Dependencies thereof.

MONEY ORDERS DRAWN FOR PAYMENT IN THE LEEWARD ISLANDS (COMPRISING ANGUILLA, ANTIGUA, DOMINICA, MONTSERRAT, BETHEL, CUDJOE HEAD, HARRIS, ST. JOHNS, ST. PETERS, SALEM, NEVIS, ST. KITTS, VIRGIN ISLANDS), BAHAMAS, AND ST. LUCIA, (WINDWARD ISLANDS) ARE NOT BE BE HANDED TO THE REMITTER.

Postmasters are informed that in order to provide a more satisfactory Money Order Service with the above named Colonies of the British West Indies, the amounts deposited by Remitters in Canada will be converted into the currency (Sterling) of the Country of payment in accordance with the current market rates, instead of at the fixed rate of $4.87 to the pound Sterling.

The same rate of conversion will apply to such Orders as on Orders issued for payment in Great Britain.

On and after the 1st July, 1932, Postmasters will, therefore, advise applicants that the amounts in Canadian money will be converted into Sterling at the same rate as quoted at the time of issue for Orders on Great Britain.

The Remitter will be required to fill out a Form M.O. No. 1 P.M., indicating the Payee's name and address in full. The Order, with the Coupon attached, and the Form M.O. No. 1 P.M., must be sent to the Exchange Office in envelope M.O. No. 9. P.M. No Advice is required.

In the copy of the Canada Official Postal Guide, Postmasters will please change the letter "A" to "Z" opposite the names of these Colonies, and add the following explanation of the letter "Z" at the foot of page 196:—Z.—Hand Receipt only to Remitter. Send Order (with Coupon attached) to Exchange Office in Envelope M.O. No. 9 P.M. No advice required. Note rate of conversion on Remitter's Application Form M.O. No. 1 P.M. Rate of conversion on Great Britain to be used.

REVENUE TAX OF THREE CENTS ON MONEY ORDERS OVER $5.00

It is found that notwithstanding repeated insturctions there is still considerable confusion in the collection of the three cent Revenue Tax on Money Orders for amounts over $5.00, as many Postmasters either collect a Tax of "two" cents instead of a Tax of "three" cents on Orders from $5.01 to $100, or charge a Tax on Orders for $5 and under, whereas such Orders are exempt from the Tax.

As schedules of Money Order Commission rates and Revenue Tax were published in the Post Office Weekly Bulletin for June 4, 1932, it should be retained and consulted when issuing Orders.

Postmasters will please, therefore, give their personal attention to this important matter.

ISSUE OR PAYMENT OF MONEY ORDERS PROHIBITED

In consequence of a prohibitory order having been issued by the Post Office Department of Canada, Money Orders are not to be issued in favour of the following concerns, nor are Money Orders to be paid in Canada to those concerns or their agents, whether attempt is made to cash Orders at Money Order Offices, or to clear them through the Chartered Banks of Canada, or their foreign correspondents.

Postmasters will be careful to see that during the season of closed navigation matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be addressed to White Horse, and the addressees may make arrangements with the Transportation Company operating between White Horse and Dawson to convey the parcels from White Horse to destination.

Postmasters will please give this every publicity through the press and otherwise.

(5) **Postal Notes Sent to Other Countries.**—It has come to the attention of the Department that Postal Notes are occasionally being sent to other countries, particularly to the United Kingdom.

These Postal Notes in some cases are cleared through the banks and returned to Canada, and included by the banks in their clearing with Post Offices.

Postmasters are requested to bring to the attention of their patrons, wherever possible, that Postal Notes must not be sent out of Canada, and that any such Notes hereafter will be refused on being returned to Canada for payment.

(6) **Mail Service to certain non-post office points in the Northwest Territories.**—Mail for the following non-post office points in the Northwest Territories is being forwarded to Fort Resolution:—

Great Bear Lake...
- Bay 66
- Cameron Bay
- Lindsley Bay
- Glacier Bay
- Echo Bay
- Labine Point
- Contact Lake
- Hunter Bay
- Domex Bay

Coppermine	Fort Hearne	Tree River
Bornite Lake	Cambridge Bay	Dismal Lake
Reid Island	King William Land	Bathurst
Bernard Harbour	Wilmot Island	Walker Bay
Peterson Bay		

The Canadian Airways Limited performing the service between Fort McMurray and Fort Resolution are operating planes to Great Bear Lake sometimes twice daily and are delivering all mail addressed to these points whenever the planes happen to be visiting the district in question. Mail for the Coppermine River and Eastern Arctic is being taken as far as Great Bear Lake and moved on from there as planes may be going North.

All mail for these points should be addressed via Fort McMurray, Alberta.

(7) **Notice to Postmasters of daily Accounting Offices.** The attention of Postmasters of all daily Accounting Post Offices is directed to the fact that Cash Accounts and Money Order Returns must be forwarded to the Department on every day in the year, with the exception of Sundays, Christmas Day and New Years Day.

In the event of no Post Office business being transacted, due to a statutory, legal or local holiday, a Cash Account and Money Order Return must, nevertheless, be forwaded with a notation to the effect that no business was transacted endorsed thereon.

If Post Office business is transacted on a Sunday, Christmas Day or New Years Day, it will, of course be necessary for the Postmaster concerned to forward the usual returns covering that day to the Department.

(8) **Requests from Senders to Hold C.O.D. Articles over 15 Days.** No undelivered C.O.D. article is to be held at the Post Office of destination more than 15 days from date of receipt except at the request of the sender.

Such requests whether made in writing by the senders, or printed, written or stamped on the outside cover or wrapper of the C.O.D. article, are to be honoured by Postmasters, but in no case is any undelivered C.O.D. article to be held at the Post Office of destination more than 30 days after its receipt.

(9) **Restricted use of Fragile Bags.**—All concerned in despatch of Parcel Post mails are advised that the use of fragile bags is to be restricted to enclosing parcels of considerable size or of a collapsible nature.

Experience has shown that small fragile parcels are protected equally as well, if not better, when despatched with other pieces of mail matter which serve as a buffer against damage. Preference should be given to despatch by lock bag wherever possible.

This procedure, if followed carefully, will result in ample protection being given to the small fragile parcel and will, at the same time, reduce the quantity of sack equipment now used for its despatch.

(10) **New Air Mail Rate on Postcards from Great Britain.** The British office advises that the rate for postcards forwarded by air from Great Britain to Canada is 2d. Surcharges should be collected according to post office markings.

(11) **Rates of Postage on Letters and Postcards from Other Countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:—

	1st Weight	2nd Weight	Postcards	Date
Zanzibar	12 cents of a rupee	10 cents of a rupee	10 cents of a rupee	1st July
Bulgaria	7 levas	3 levas	4 levas	
Gibraltar	2 pence	1 penny	1½ pence	
St. Vincent	1½ pence	1 penny	1 penny	
Canal Zone	3 cents	3 cents		6th July
Honduras Republic	6 centavos per ½ ounce		2 centavos	
Abyssinia	4 guerches	3 guerches	3 guerches	

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(12) **Parcel Post to Dutch Guiana via British Guiana—20 Lbs. Limit.**—Postmasters are informed that the limit of weight for parcel post parcels from Canada to Dutch Guiana via British Guiana has been extended from 11 pounds to 20 pounds.

Until further notice, the rate of postage on parcels for Dutch Guiana over 10 pounds and up to 15 pounds sent via British Guiana will be a flat rate of $1.75, and on parcels over 15 pounds and up to 20 pounds $2.25.

(13) **Samoa Parcel Post.**—Postmasters are informed that the New Zealand Administration has notified us of certain changes in their charges for the onward conveyance of parcels for Western Samoa (Savaii and Upolu) and that, therefore, the rates of postage for parcels posted in Canada addressed to Samoa have been revised and until further notice will be as follows:—

1 lb.	$ 0.20	6 lbs.	$ 0.80	Over 10 lbs. up to 15 lbs.	$ 1.60
2 lbs.	0.30	7 lbs.	0.90	Over 15 lbs. up to 20 lbs.	$ 2.25
3 lbs.	0.45	8 lbs.	1.05		
4 lbs.	0.55	9 lbs.	1.15		
5 lbs.	0.70	10 lbs.	1.30		

(14) **Parcel Post for Central and South America and British West Indies, etc., routed via New York must be forwarded on Montreal.**—The attention of Postmasters is directed to Section 409, page 83 of the Postal Guide, concerning the proper routing for parcel mails and they are again reminded that parcel post parcels for Central and South America, British West Indies, etc., which are routed via New York, must be forwarded on Montreal to be included in the parcel post mails made up by that office for New York.

MONEY ORDER INFORMATION

NOTICES

APPLICATION FOR MONEY ORDERS (FORMS M. O. No. 1 P.M.), NOT TO BE CONFUSED WITH ADVICES OF MONEY ORDERS (FORMS M. O. No. 27 P.M.).

It has come to the attention of the Department that some Postmasters and Issuing Officers use the new Application Forms for Money Orders (Form M. O. No. 1 P.M.), instead of the regular Advice Forms (M. O. No. 27 P.M.), in drawing Money Orders for payment abroad, with the result that when the relative Vouchers reach the Exchange Offices, Advices must be prepared from the Application Forms.

Particular care is, therefore, to be exercised, in future, to see that an Advice is prepared and forwarded to the Exchange Office whenever a Money Order is drawn on a Country for which an Advice is required.

The Canada Official Postal Guide must be consulted to ascertain when an Order requires an Advice, or an Advice and Application Form (M. O. No. 1 P.M.).

ADVICES NO LONGER REQUIRED

As Advices are no longer required for Orders on
Cayman Islands,
Jamaica,
Turks and Caicos Island,
Postmasters will substitute the letter "A" for the letter "L" against the names of these Countries on pages 194 to 196 of the Postal Guide for 1932.

ISSUE OR PAYMENT OF MONEY ORDERS PROHIBITED

In consequence of a prohibitory order having been issued by the Post Office Department of Canada, Money Orders are not to be issued in favour of the following concerns, nor are Money Orders to be paid in Canada to those concerns or their agents, whether attempt is made to cash Orders at Money Order Offices, or to clear them through the Chartered Banks of Canada, or their foreign correspondents.

(4) **Yukon Mails—Winter Service.**—During the season of closed navigation on the Yukon river, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended, except for the Post Offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that during the season of closed navigation matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be addressed to White Horse, and the addressees may make arrangements with the Transportation Company operating between White Horse and Dawson to convey the parcels from White Horse to destination.

Postmasters will please give this every publicity through the press and otherwise.

(5) **Form 67B forwarded to Publishers in the United States should be endorsed "Postage Due 2c."**—Postmasters are informed that in future when forwarding form 67B to publishers in the United States, advising them that copies of their publications addressed to Canada are undeliverable, the form should be endorsed "Postage Due 2c."

Section 383, page 78 of the 1932 postal guide is being amended accordingly.

(6) **Parcels may be tied with string or fastened with gummed paper tape.**—Postmasters are informed that section 137, page 29 of the 1932 Postal Guide, has been amended to read as follows:

> "Parcels must be prepared for mailing in such manner that the contents can be easily examined. For the greater security of the contents, however, they may be tied with a string or fastened with gummed paper tape. Postmasters are authorized to cut the string or paper tape in such cases if necessary to enable them to examine the contents. Whenever they do so they will again secure the parcels."

(7) **Duplicate Postal Notes.**—Applicants for duplicates of Postal Notes are required to produce the coupons of the Notes, which they received at the time of purchase, in order to verify the number of the Note and to identify the original purchaser.

In future, no duplicate Postal Note will be issued until the purchaser produces the coupon which he received with the original Note.

Postmasters and others dealing with applications for duplicates should pay particular attention to this requirement, in order to avoid delay and inconvenience to the applicants.

(8) **Postal Note Stamps.**—The attention of Postmasters is drawn to the new issue of Postal Note Stamps, which is being made shortly. These stamps are issued solely for the purpose of raising the value of Postal Notes in order to make up odd amounts up to 9c. They are not to be used for any other Postal business whatever and must not be accepted in payment of postage, revenue, or excise tax.

Accounting Offices

Postmasters at accounting offices will be sent a special supply of these stamps and should requisition for a further supply from time to time when ordering new supplies of Postal Notes. The value of the stamps is to be charged to the Cash Account at Item 3 and carried, together with the total of the unissued Postal Notes in stock, to Item 26 in the Cash Account.

Postmasters must see that these stamps are issued exclusively for the purpose of raising the value of Postal Notes and should advise their patrons that they are on sale whenever Postal Notes are called for.

Non-Accounting Offices

Postmasters at Non-Accounting offices, must make requisition to the City Supply Office to complete their supply of Postal Notes and should include in the requisition a request for an adequate supply of Postal Note Stamps.

From the 1st November, Postal Notes to which Postage Stamps have been attached are to be paid at their face value only and no allowance is to be made for the Postage Stamps attached to them. The Payee may, however, detach the Postage Stamps before payment is made, but he is to be warned that only Postal Note Stamps may be attached to Postal Notes, in order to raise their value.

The managers of local Branches of Banks are to be acquainted with this new procedure.

(9) **Postal Notes sent to other Countries.**—It has come to the attention of the Department that postal notes are occasionally being sent to other countries, particularly to the United Kingdom and the United States.

These postal notes in some cases are cleared through the banks, returned to Canada and included by the banks in their clearings with post offices.

Postmasters are requested to bring to the attention of their patrons, wherever possible, that postal notes must not be sent out of Canada, excepting to Newfoundland, and that any such notes hereafter will be refused on being returned to Canada for payment.

(10) **Payees' names must be properly described in Money Orders and Postal Notes.**—Complaint has again reached the Department to the effect that some Postmasters and issuing Officers do not exercise sufficient care in describing payees' names in Money Orders and Postal Notes, particularly in the case of Orders and Notes intended for Mail Order Houses such as the T. Eaton Company, Robert Simpson Company and Dupuis Frères. The result is that Money Orders and Postal Notes intended for one Company are made out in favour of another, which may, or may not, be located in the same city.

These errors are the cause of extra work, delay and annoyance through the necessity of procuring proper endorsement before clearance. This results in considerable correspondence which would otherwise be avoided.

As former notices on this subject have proven ineffective, Postmasters are informed that, if, after this final warning, they continue to improperly designate payees' names in Money Orders and Postal Notes, the Department will have to consider more drastic measures.

(11) **British Postal Orders.**—The attention of Postmasters is drawn to the fact that, owing to the continuation of adverse exchange rates, the order covering the suspension of payment of British Postal Orders is still in effect. The payment of British Postal Orders is to be refused and the Payees advised to return the Postal Orders to the senders.

These instructions refer only to British Postal Orders, which were paid at certain authorized City Offices and have no connection whatsoever with British Money Orders.

(12) **Rates of Postage on Letters and Postcards from Other Countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:—

	1st Weight	2nd Weight	Postcards	Date
Greece	7 drachme	4 drms. 20 lepta	4 drms. 20 lepta	Sept. 1, 1932
Austria	50 groschen	30 groschen	30 groschen	Sept. 1, 1932
Brazil	200 reis for	20 grms or fraction	100 reis	

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

The number of skins as set forth on such Permit should correspond with those enumerated on the Declaration Tag.

In each case this amount is to be collected from the publisher upon delivery and "Postage Due" stamps to the amount collected are to be affixed to the card and cancelled by the Postmaster.

Section 383, page 78 of the 1932 Postal Guide is being amended accordingly.

(3) Postal Register Machine to be used for Prepayment of Postage in bulk on Parcel Post.—With reference to the notices appearing in the March and April Supplements to the 1932 Postal Guide, advising that the Department had approved the use in Canada of a postal register machine for the prepayment of postage, Postmasters are informed that this machine may also be used for the prepayment of postage in bulk on parcel post when a firm is mailing more than one parcel at the same time to the same address. Each parcel in a shipment mailed under this system will bear a postage impression which will indicate the number of parcels in the shipment, but the total postage on the shipment will appear in the postage impression on one parcel only. The total weight of a bulk shipment prepaid in this manner and sent at the same time to the same address, must not exceed the present limit of weight for parcel post.

Below are shown impressions as they might appear on a shipment of three parcels mailed by a firm at the same time to the same address.

As the postage, including the insurance fee or C.O.D. fee, as the case may be, on such articles, will have been prepaid in cash, they are to be forwarded and delivered free of charge, except that in the case of a C.O.D. article the C.O.D. collection (including money order fee) is to be made as usual, in accordance with the entries on the tag.

Postmasters will please amend section 129, page 28 of the 1932 Postal Guide by inserting these regulations after the last paragraph in the above mentioned section.

(4) Letters mailed by the Old Age Pensions branch of the Workmen's Compensation Board, Manitoba Provincial Government, not to be re-directed but to be returned direct to senders.—Postmasters are informed that the Old Age Pensions branch of the Workmen's Compensation Board, Manitoba Provincial Government, have printed the following request on envelopes containing old age pension cheques—

Postmasters
If addressee has removed do not
re-address but return to—

Old Age Pensions Branch,
Box 3067, Winnipeg, Man.

Postmasters are instructed to comply with this request and return such undeliverable letters direct to the senders instead of re-addressing them to a new address.

(5) Bulk Insurance Receipt Forms.—A slight change has been made in bulk insurance receipt forms 13-B and 13½-B by substituting "F. or L.O." for "Fragile F" in the heading of the second column, and by adding a footnote reading:—

NOTE.—In the second column indicate fragile parcels which are insurable against both loss and damage by "F" and parcels which are insurable against loss only by "L.O.".

Postmasters will please invite the attention of business firms using bulk insurance receipt forms to the above.

The present stock of forms on hand is, of course, to be used up before the amended forms are issued. When next up for re-ordering bulk insurance receipt forms 13½-B in French will be similarly amended.

(6) Postage Stamp Allowance.—In view of the approach of the holiday season, Postmasters of Accounting Post Offices are informed that for the months of November and December their stamp allowance will be increased by approximately 35 per cent owing to the increased sales at this time of the year. Postmasters will, therefore, prepare their next requisitions accordingly.

Although Postmasters were instructed to send in general requisitions once or twice a month, as the case may be, it is pointed out that this does not prevent the sending of special requisitions at any time should it be deemed necessary. A brief explanatory note as to the reasons for same should accompany all such requests.

(7) Form M.O. No. 1 P.M. (Application for a Post Office Money Order).—Postmasters are informed that when an application for a Money Order (Form M.O. No. 1 p.m.) is received from a remitter and the particulars in the said application are so illegible that the Postmaster cannot clearly make out the same and transcribe them to the relative Advice, the remitter should be requested to prepare his application in block letters, namely to print the particulars in the form.

This requirement will not only assure prompt payment, but will also remove the possibility of payment to a wrong payee.

(8) Small and Oversize Cards and Envelopes.—Postmasters should bring to the attention of the mailing public the objections to the use of small and oversize cards and envelopes, which at any time are difficult to handle, but particularly so during the busy Christmas and New Years seasons.

In urging the public to use cards and envelopes larger than 3 inches by 4 inches, the following objections to the smaller size should be pointed out:—

1. Small envelopes and cards cannot be satisfactorily passed through the electric cancelling machines; this, at many offices, means a slower cancellation and general handling.

2. The cancellation mark in many cases obliterates part of the address, with the probability that the articles may be misdelivered or at least delayed.

3. The small size renders the sortation and making up of bundles more difficult and hampers the work of the office at a time when speed is essential.

4. Owing to small size there is a greater possibility of loss, as small cards or envelopes may fall out of the bundle to which they are tied.

Oversize cards and envelopes (larger than 4 inches by 9 inches) have the following objections:—

1. Difficulty of cancelling by machine.

2. Too large in many cases to be readily sorted into standard sorting cases without folding with consequent slower handling and in the case of cards—damage.

3. Large cards and envelopes project from bundle and when tied up are apt to be cut at edges.

In general all types of freak cards and envelopes cause difficulty and should be avoided.

POSTMASTERS ARE REQUESTED TO DO EVERYTHING IN THEIR POWER TO BRING THE ABOVE TO THE ATTENTION OF THE PUBLIC.

(9) Notice to Postmasters of Distributing Offices for Rural Routes.—It has been brought to the attention of the Department that in certain instances Rural Mail Couriers have accepted direct from the advertisers or agents, hand-bills, circulars soliciting newspaper subscriptions, notices of meetings, etc., for distribution through Rural Mail Boxes, these items bearing no postage.

Postmasters of distributing offices for Rural Routes are accordingly to warn Rural Mail Couriers that it is a violation of Postal Regulations to accept for distribution through Rural Mail Boxes any matter not mailed in the regular way, and which does not comply with regulations in regard to postage.

(10) Third Class Matter to be Given Careful Attention.—At this time of the year a considerable quantity of circulars and other items of third class matter are being mailed addressed to "Householder," and Postmasters are reminded that this mail is to be given careful delivery.

Postmasters upon receiving "Householder" matter will please take steps to see that so far as the supply permits, the circulars or other articles thus addressed are delivered at every house in places where there is free delivery by letter carrier, or to every family in places where the patrons of the post office call at the office for their mail. On rural mail routes it will be the duty of the mail courier to deliver circulars or other articles of printed matter addressed "Householder or Boxholder" into every box on his route, so far as the supply permits. (See section 95 of the Postal Guide.)

Mutual benefit is to be derived by the Post Office, businessmen and the public, by an active use of circular advertising by business offices, but if this form of advertising is to be successful, careful delivery is essential.

(11) Assist your Exchange Offices in Christmas Mailings for Overseas—Important.—Now that mailings for Great Britain and overseas countries are reaching the peak of the Christmas rush period, attention is directed to the following points, the non-observance of which causes embarrassment to the Canadian despatching exchange offices, where the extra work is very heavy at this time. Postmasters and all postal employees are asked to assist our exchange offices by endeavouring to see that these points are observed.

Mark the words "Letter Rate" on any packages prepaid at letter rate.

Small boxes of cake should be prepaid at either letter rate or parcel post rate. These should be well packed. In practically every mail, cake is found loose in the bag.

Photographs for Italy in packages weighing over 3½ ounces must be prepaid at parcel post rates.

Samples, photographs and printed matter may be insured if prepaid at parcel post rates.

Insured parcels for Belgium, Denmark, Egypt, France, Germany, Holland, Irish Free State, Sweden, Sudan (Anglo-Egyptian), or Italy, may be prepaid either for direct route or via England. Insured parcels for countries to which the insurance is via England, also for countries to which insurance is via France, must be prepaid at parcel post rates via England or France.

Parcels for Northern Ireland (Counties of Antrim, Armagh, Down, Fermanagh, Londonderry and Tyrone) should be prepaid at parcel post rates to Great Britain.

(12) Shortpaid Articles Addressed to United States.—Articles of every kind (registered or unregistered) not prepaid or insufficiently prepaid, addressed to places in the United States, should be dealt with as if addressed to places in Canada.

Postmasters will please insert the above as a new paragraph at the bottom of page 80 in the 1932 Postal Guide.

(13) Insurance of Parcel Post for Bahamas.—Postmasters are informed that from the 1st January, 1933, parcel post sent by the direct route to the Bahamas may be accepted under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3c. and 6c. fees do not apply to Bahamas.

The scale of insurance fees will be as follows:—

12 cents for insurance not exceeding $50.

30 cents for insurance exceeding $50 but not exceeding $100.

(14) Mexico—Parcel Post.—Postmasters are informed that the rates of postage on parcel post for Mexico have been revised and from the 1st January, 1933, will be as follows:—

1 lb.....	$0.20	6 lbs.....	$1.20	Over 10 lbs. up to 15 lbs. $2.50
2 lbs.....	0.40	7 lbs.....	1.40	Over 15 lbs. up to 20 lbs. $3.00

MONEY ORDER INFORMATION

NOTICES

MONEY ORDERS MUST BE CAREFULLY PREPARED

Notwithstanding repeated instructions regarding the preparation of Money Orders, many Orders reach the Department showing various irregularities which not only impede the audit and occasion expense and labour through the necessity of verification thereof, but also subject Payees to inconvenience and annoyance on account of payment being stopped or deferred.

The following major errors are the source of the greatest annoyance:— Orders indistinctly date-stamped, not date-stamped, or incorrectly date-stamped; discrepances in the amount expressed in words and figures in the Order, and also as between the amount in the Order proper and in the Coupon; Orders showing the wrong cut in the "safety margin"; omissions of important particulars, such as Postmaster's signature, amount, name of Office of Payment, name of Payee and Remitter.

Furthermore, in many instances, attempt is made to correct an error made in the preparation of the Order, instead of treating the Order as "Spoiled," in accordance with the regulations.

Postmasters and Issuing Offices will please, therefore, pay particular attention to the important requirement of carefully preparing Money Orders.

SUSPENSION OF MONEY ORDER SERVICE BETWEEN CANADA AND THE PROVINCES OF LIAONING, KIRIN AND HEILUNGKIANG, CHINA

Postmasters are informed that the Money Order Service between Canada and the Eastern Provinces of Manchuria, China, namely: Liaoning, Kirin and Heilungkiang, has been suspended. Money Orders therefore are not to be issued for payment at any office in these Provinces.

MONEY ORDERS DRAWN FOR PAYMENT IN BERMUDA, TRINIDAD AND TOBAGO ARE NOT TO BE HANDED TO THE REMITTER

Postmasters are informed that in order to provide a more satisfactory Money Order service with the above named Islands, the amounts deposited by Remitters in Canada will be converted into the currency (Sterling) of the Country of payment in accordance with the current market rate, instead of at the fixed rate of $4.87 to the pound sterling.

The same rate of conversion will apply to such Orders as on Orders issued for payment in Great Britain.

On and after the 1st December, 1932, Postmasters will, therefore, advise applicants that the amounts of Orders issued in Canada for payment in Bermuda, Trinidad and Tobago will be converted into sterling at the same rate as quoted at the time of issue for Orders on Great Britain.

The Remitter will be required to fill out a Form M.O. No. 1 P.M., indicating the Payee's name and address in full. The Order with the Coupon attached and Form M.O. No. 1 P.M., must be sent to the Exchange Office in envelope M.O. No. 9 P.M. No Advice is required.

In the copy of the Canada Official Postal Guide, Postmasters will please change the letter "A" to "Z" opposite Bermuda, Tobago and Trinidad, and add the following explanation of the letter "Z" at the foot of Page 196 (English copy), and Page 205 (French copy).

"Z. Hand receipt only to Remitter. Send Order with Coupon attached to Exchange Office in envelope M.O. No. 9 P.M. No Advice required. Note rate of conversion on Remitter's application Form M.O. No. 1 P.M. Rate of conversion on Great Britain to be used."

ISSUE OR PAYMENT OF MONEY ORDERS PROHIBITED

In consequence of a prohibitory order having been issued by the Post Office Department of Canada, Money Orders are not to be issued in favour of the following concerns, nor are Money Orders to be paid in Canada to those concerns or their agents, whether attempt is made to cash Money Orders at Money Order Offices, or to clear them through the Chartered Banks of Canada, or their foreign correspondents.
